cheer coach speech for banquet: Be Quick - But Don't Hurry Andrew Hill, John Wooden, 2002-04-22 Be Quick, But Don't Hurry presents the team-building management secrets of the greatest coach of the twentieth century, cloaked in the heartwarming tale of the reluctant protege who learned those secrets in spite of himself. Perhaps the least controversial sports honor in living memory was the selection of John Wooden as Coach of the Century by ESPN, honoring his ten NCAA basketball championships in a twelve-year stretch. His UCLA teams won with great centers and with small lineups, with superstars and with team effort, always with quickness, always with class. Wooden was a teacher first and foremost, and his lessons -- taught on the basketball court, but applicable throughout one's life -- are summarized in his famed Pyramid of Success. Andrew Hill was one of the lucky young men who got to learn from Wooden in his favored classroom -- though that is hardly how Hill would have described it at the time. An all-city high school player in Los Angeles, Hill played -- a little -- on three national champions, from 1970 to 1972. Hill was left embittered by his experience at UCLA; he was upset at how unequally Wooden treated his starting players and his substitutes. Hill went on to a successful career in television, rising to the presidency of CBS Productions, where he was responsible for the success of such popular series as *Touched by an Angel* and *Dr. Quinn, Medicine Woman*. Hill's job required him to manage many creative people, with the egos and insecurities that usually go along with such talents. And one day, some twenty-five years after he graduated, he was hit with the realization that everything he knew about getting the best out of people he had learned directly from Coach John Wooden. With no small trepidation, Hill picked up the phone to call and thank his old coach and unexpected mentor. To his surprise, Wooden greeted him warmly and enthusiastically. A strong friendship, sealed in frequent visits and conversations, ensued, and endures. Be Quick -- But Don't Hurry! tells the story of that friendship. But it also shares the lessons and secrets that Hill learned from Coach Wooden, which hold the key to managing creatively in the idea-driven economy of the twenty-first century. Among those lessons are: -The team with the best players almost always wins -Be quick, but don't hurry: there is never enough time to be sure (and if you are sure, you're probably too late), but you must always keep your balance -Failing to prepare is preparing to fail -The team that makes the most mistakes...wins! Full of sound advice and warm reminiscence, Be Quick -- But Don't Hurry! is the management book of a lifetime.

cheer coach speech for banquet: *Centaur Planet* Thom L. Nichols, 2010-03-01 Magic messed up everything. It always chose the worst time to screw everything up. Billy was fine. He kept his magical life away from his normal life and he was happy. Then, everything happened at once. Billy's passion was football. It was simple. It was enjoyable. It was pure. There was only one way to play and the thought that magic couldn't corrupt it. Then someone cheated and his world fell apart. The most amazing player in decades turned out to be cheating magically. There was nothing Billy could do about it. The NFL was a fantasy place. It was on TV and it was real, but it was so far away. Yes, Billy could use magic, he had magical friends, but he was just a fast food closing manager. He couldn't do anything about anything. Then, everyone in the world suddenly spontaneously transforms into centaurs. They don't transform into the traditional equine lower body with a human upper torso, they become centaurs with the lower bodies of a variety of animals. The world is decimated overnight. People find themselves too small or too big for their vehicles. Cars and planes careen out of control and there is massive loss of life. Everything is affected from food production to transportation to football players. The whole world is in chaos. Finding out that one of his magical friends was inadvertently associated with the transformation, Billy learns that a magical event was going to take place in the near future. It's called Brianna's Call and it is the return of magic to the Earth. The only way that the world can transform back into their human bodies is for them to intercept Brianna's Call. In order to do that, Billy must join his favorite NFL team and take them to the championship game. Brianna's Call is going to touch down on Super Bowl Sunday at the Super Bowl. Along the way, Billy must confront the cheating NFL player, battle powerful wizards intent on collecting Brianna's Call for themselves, and deal with a jealous girlfriend.

Miller, 2015-08-17 Glenn Scobey Pop Warner (1871-1954) stands among the giants of the coaching profession, alongside Knute Rockne, Amos Alonzo Stagg, George Halas and Vince Lombardi. Warner turned a ragtag team from a Carlisle, Pennsylvania, Indian boarding school into a national power and later won multiple national championships at the University of Pittsburgh and Stanford. His 319 victories made him one of the winningest coach in college football history. A pioneer of the forward pass, he is credited with inventing the single-wing formation--widely considered the genesis of modern-day offense--as well as the double wing, the three-point stance for backs, the naked bootleg and the spiral punt. He also developed improvements to shoulder pads, tackling dummies, blocking sleds and much more. The

book traces Warner's rise from his small town roots to becoming one of the most influential coaches in football, a man who helped refine the sport from a tedious, push-and-shove affair into the dynamic, high-speed game of today.

cheer coach speech for banquet: *The Swimmer* John Henry Mackay, 2002-01-23 The Swimmer is one of the very first literary sports novels. Although not a competitive swimmer himself, Mackay was a passionate swimmer and well acquainted with the scene of competitive swimming and diving in Berlin around 1900. This historical picture of the sports world at that time will be familiar to today's readers in many ways, but may surprise us in its details, for example, of competitions no longer widely practiced, such as diving for plates and swimming with obstacles. For this reason it is a valuable historical document. It is also an exciting sports story with the thrill of victory and the agony of defeat. But *The Swimmer* is much more: it is a fascinating psychological study of the rise and fall of a champion swimmer in his single-minded pursuit of his sport - and fame. Mackay's protagonist Franz Felder was born to swim and we follow his first, happy dip into the water to his last, fatal plunge. All attention is on young Felder, but other characters are clearly delineated: his wise coach, the equally single-minded sculptor, the seductress from the international demi-monde - last, and alas least, the loyal, devoted fan. The story is told with insight and compassion, as Mackay, the omniscient narrator, looks into the deepest feelings and motives of his protagonist, whom Mackay's biographer has described as an enchanted beast of the fairy tale books, under whose rough exterior is hidden a prince-a price who never found the charm that would have brought out his true character. Mackay makes all of this come alive for us, so that we sympathize with Felder even as we perceive the flaws that bring about his downfall. The book can be read on several levels: as a historical document, a thrilling sports story, a human drama. In every case, it is a good read.
