International Bestseller A sweeping, emotionally riveting first novel — an enthralling family saga of Africa and America, doctors and patients, exile and home. Marion and Shiva Stone are twin brothers born of a secret union between a beautiful Indian nun and a brash British surgeon at a mission hospital in Addis Ababa. Orphaned by their mother's death in childbirth and their father's disappearance, bound together by a preternatural connection and a shared fascination with medicine, the twins come of age as Ethiopia hovers on the brink of revolution. Yet it will be love, not politics — their passion for the same woman — that will tear them apart and force Marion, fresh out of medical school, to flee his homeland. He makes his way to America, finding refuge in his work as an intern at an underfunded, overcrowded New York City hospital. When the past catches up to him — nearly destroying him — Marion must entrust his life to the two men he thought he trusted least in the world: the surgeon father who abandoned him and the brother who betrayed him. An unforgettable journey into one man's remarkable life, and an epic story about the power, intimacy, and curious beauty of the work of healing others.

abraham verghese cutting for stone: The Tennis Partner Abraham Verghese, 2023-12-12
An unforgettable, illuminating story of how men live and how they survive, from Abraham Verghese, the acclaimed New York Times bestselling author of *Cutting for Stone* and *The Covenant of Water*, an Oprah's Book Club Pick. “Heartbreaking. . . . Indelible and haunting, [The Tennis Partner] is an elegy to friendship found, and an ode to a good friend lost.”—The Boston Globe When Abraham Verghese, a physician whose marriage is unraveling, relocates to El Paso, Texas, he hopes to make a fresh start as a staff member at the county hospital. There he meets David Smith, a medical student recovering from drug addiction, and the two men begin a tennis ritual that allows them to shed their inhibitions and find security in the sport they love and with each other. This friendship between doctor and intern grows increasingly rich and complex, more intimate than two men usually allow. Just when it seems nothing can go wrong, the dark beast from David's past emerges once again—and almost everything Verghese has come to trust and believe in is threatened as David spirals out of control.

abraham verghese cutting for stone: My Own Country Abraham Verghese, 1995-04-25 From the author of *The Covenant of Water* and New York Times bestseller *Cutting for Stone*: a story of medicine in the American heartland, and confronting one's deepest prejudices and fears. "Remarkable.... An account of the [AIDS] plague years in America. Beautifully written...by a doctor who was changed and shaped by his patients." —The New York Times Book Review Nestled in the Smoky Mountains of eastern Tennessee, the town of Johnson City had always seemed exempt from the anxieties of modern American life. But when the local hospital treated its first AIDS patient, a crisis that had once seemed an "urban problem" had arrived in the town to stay. Working in Johnson City was Abraham Verghese, a young Indian doctor specializing in infectious diseases. Dr. Verghese became by necessity the local AIDS expert, soon besieged by a shocking number of male and female patients whose stories came to occupy his mind, and even take over his life. Verghese brought a singular perspective to Johnson City: as a doctor unique in his abilities; as an outsider who could talk to people suspicious of local practitioners; above all, as a writer of grace and compassion who saw that what was happening in this conservative community was both a medical and a spiritual emergency.

abraham verghese cutting for stone: Living Dowry Abraham Verghese, This fiction is set in Nedumanoor, in south Kerala, an imaginary village. The time scale of the story spans from the 1930's to the next millennium with three generations in focus. Kunj, a school dropout was deeply in love with a beautiful girl, Marria. However, Marria was not smitten by him. Read how Kunj managed to marry her and from then on how Marria became a "living dowry" for his family. Several people and social factors controlled how life proceeded for Marria in that society. The story has exploitation of women, skewed romances, a wrestling match, marriage brokering, school teachers, Church pastors, and so on. All these are woven to make an interesting reading and an insight into the rural life that once existed in Kerala, the state which has the sobriquet "God's own country". Do these happen even today? It is for the readers' to judge.

abraham verghese cutting for stone: Cutting for Stone Marilyn Herbert, 2011 *Cutting for Stone* is very simply one of the best books ever written and read. The narrative begins in Addis Ababa, Ethiopia, when twin boys, Shiva and Marion, are born to a nun (who dies) and a surgeon (who runs away). The babies, conjoined at the head, are successfully separated immediately after birth. The original conjoinment and separation of the boys becomes the operating theme of the novel and we are given situation after situation in which to consider the concepts of fusion and partition. Bookclub-in-a-Box looks at all that Verghese provides: history (Ethiopia and Eritrea), medicine (blood and liver disease), psychology (the search for identity), sociology (human relationships) and philosophy (of both science and religion). The narrative's real facts and descriptions are especially interesting for their thematic implications. Every Bookclub-in-a-Box printed discussion guide includes complete coverage of the themes and symbols, writing style, and interesting background information on the novel and the author.

A high school girl feels responsible for the death of her best friend, and the guilt continues to haunt her decades later. Evocative and lyrical, the tales in *What Isn't Remembered* uncover complex events and emotions, as well as the unpredictable ways in which people adapt to what happens in their lives, finding solace from the most surprising and unexpected sources.

abraham verghese cutting for stone: Sisters of Mokama Jyoti Thottam, 2022-04-12 Sisters of Mokama is proof that faith and courage does move mountains.—Abraham Verghese, author of Cutting for Stone The never-before-told story of six intrepid Kentucky nuns, their journey to build a hospital in the poorest state in India, and the Indian nurses whose lives would never be the same New York Times editor Jyoti Thottam's mother was part of an extraordinary group of Indian women. Born in 1946, a time when few women dared to leave their house without the protection of a man, she left home by herself at just fifteen years old and traveled to Bihar—an impoverished and isolated state in northern India that had been one of the bloodiest regions of Partition—in order to train to be a nurse under the tutelage of the determined and resourceful Appalachian nuns who ran Nazareth Hospital. Like Thottam's mother's journey, the hospital was a radical undertaking: it was run almost entirely by women, who insisted on giving the highest possible standard of care to everyone who walked through its doors, regardless of caste or religion. Fascinated by her mother's story, Thottam set out to discover the full story of Nazareth Hospital, which had been established in 1947 by six nuns from Kentucky. With no knowledge of Hindi, and the awareness that they would likely never see their families again, the sisters had traveled to the small town of Mokama determined to live up to the pioneer spirit of their order, founded in the rough hills of the Kentucky frontier. A year later, they opened the doors of the hospital; soon they began taking in young Indian women as nursing students, offering them an opportunity that would change their lives. One of those women, of course, was Thottam's mother. In Sisters of Mokama, Thottam draws upon twenty years' worth of research to tell this inspiring story for the first time. She brings to life the hopes, struggles, and accomplishments of these ordinary women—both American and Indian—who succeeded against the odds during the tumult and trauma of the years after World War II and Partition. Pain and loss were everywhere for the women of that time, but the collapse of the old orders provided the women of Nazareth Hospital with an opening—a chance to create for themselves lives that would never have been possible otherwise.

abraham verghese cutting for stone: Insomniac City Bill Hayes, 2017-02-14 Amazon's Best Biographies and Memoirs of the Year List A moving celebration of what Bill Hayes calls the evanescent, the eavesdropped, the unexpected of life in New York City, and an intimate glimpse of his relationship with the late Oliver Sacks. A beautifully written once-in-a-lifetime book, about love, about life, soul, and the wonderful loving genius Oliver Sacks, and New York, and laughter and all of creation.--Anne Lamott Bill Hayes came to New York City in 2009 with a one-way ticket and only the vaguest idea of how he would get by. But, at forty-eight years old, having spent decades in San Francisco, he craved change. Grieving over the death of his partner, he quickly discovered the profound consolations of the city's incessant rhythms, the sight of the Empire State Building against the night sky, and New Yorkers themselves, kindred souls that Hayes, a lifelong insomniac, encountered on late-night strolls with his camera. And he unexpectedly fell in love again, with his friend and neighbor, the writer and neurologist Oliver Sacks, whose exuberance--I don't so much fear death as I do wasting life, he tells Hayes early on--is captured in funny and touching vignettes throughout. What emerges is a portrait of Sacks at his most personal and endearing, from falling in love for the first time at age seventy-five to facing illness and death (Sacks died of cancer in August 2015). Insomniac City is both a meditation on grief and a celebration of life. Filled with Hayes's distinctive street photos of everyday New Yorkers, the book is a love song to the city and to all who have felt the particular magic and solace it offers.

abraham verghese cutting for stone: *The Good Doctor* Kenneth Brigham, Michael M. E. Johns, 2020-07-07 What makes a good doctor? It's not what you think. A doctor willing to face their own uncertainty in the face of illness and treatment might just be the best medicine. Too often we choose the wrong doctor for the wrong reasons. It doesn't have to be that way. In *The Good Doctor*, Ken Brigham, MD, and Michael M.E. Johns, MD, argue that we need to change the way we think about health care if we want to be the healthiest we can be. Counterintuitive as it may seem, uncertainty is integral to medicine, and you want a doctor who knows that: someone who sees you as the unique case you are, someone who knows that data isn't everything, someone who is able to change her mind as the information changes. For too long we've clung to the myth of the infallible doctor--one who assuredly tells us this is what's wrong and here is how I will cure you--and our health has suffered for it. Brigham and Johns propose a new model of medicine, one that is comfortable with ambiguity and that centers on an equal partnership between patient and doctor. Uncertainty, properly embraced, opens a new universe of possibilities.

abraham verghese cutting for stone: *Mistreated* Robert Pearl, 2017-05-02 The biggest problem in American health care is us Do you know how to tell good health care from bad health care? Guess again. As patients, we wrongly assume the best care is dependent mainly on the newest medications, the most complex treatments, and the smartest doctors. But Americans look for health-care solutions in the wrong places. For example, hundreds of thousands of lives could be saved each year if doctors reduced common errors and maximized preventive medicine. For Dr. Robert Pearl, these kinds of mistakes are a matter of professional importance, but also personal significance: he lost his own father due in part to poor communication and treatment planning by doctors. And consumers make costly mistakes too: we demand modern information technology from our banks, airlines, and retailers, but we passively accept last century's technology in our health care. Solving the challenges of health care starts with understanding these problems. *Mistreated* explains why subconscious misperceptions are so common in medicine, and shows how modifying the structure, technology, financing, and leadership of American health care could radically improve quality outcomes. This important book proves we can overcome our fears and faulty assumptions, and provides a roadmap for a better, healthier future.

abraham verghese cutting for stone: *Diary of a Med Student* Daniel B Azzam, Ajay N Sharma, 2020-09-04 From the earliest stages of our medical training, we experience unforgettable moments with our patients - inspiring, traumatic, joyful, and sometimes even humorous events. Too often, as doctors-in-training we talk about the suffering or recovery of our patients, ignoring our own emotions after these events, letting them passively shape us until we dig ourselves into an abyss of burn out and resentment. *Diary of a Med Student* is a book created by medical students, for medical students, doctors, pre-med students, and their loved ones to look backward, forward, and laterally on the wonderful world of medical school. This book offers a space to reflect on our emotions, process their meaning, and share them as tales of sorrow, humor, joy, or inspiration, told from the perspective of medical students writing in a diary. While the act of sharing emotion is itself therapeutic, reading these emotional challenges that we can all relate to is unifying and comforting, providing us with insight through the lessons conveyed in the light of a variety of feelings. Let this book spark a powerful domino effect of change in medical education: in the way we teach physicians to create a safe space for inner reflection and expression of emotion to ultimately enhance physician wellness.

In *My Bookstore* our greatest authors write about the pleasure, guidance, and support that their favorite bookstores and booksellers have given them over the years. The relationship between a writer and his or her local store and staff can last for years or even decades. Often it's the author's local store that supported him during the early days of his career, that continues to introduce and hand-sell her work to new readers, and that serves as the anchor for the community in which he lives and works. *My Bookstore* collects the essays, stories, odes and words of gratitude and praise for stores across the country in 81 pieces written by our most beloved authors. It's a joyful, industry-wide celebration

of our bricks-and-mortar stores and a clarion call to readers everywhere at a time when the value and importance of these stores should be shouted from the rooftops. Perfectly charming line drawings by Leif Parsons illustrate each storefront and other distinguishing features of the shops.

national bestseller, the story of "a boy's last days of youth and a history his father can't leave behind" (The Daily Beast). Tom Harry has a streak of frost in his black pompadour and a venerable bar called The Medicine Lodge, the chief watering hole and last refuge in the town of Gros Ventre, in northern Montana. Tom also has a son named Rusty, an "accident between the sheets" whose mother deserted them both years ago. The pair make an odd kind of family, with the bar their true home, but they manage just fine. Until the summer of 1960, that is, when Rusty turns twelve. Change arrives with gale force, in the person of Proxy, a taxi dancer Tom knew back when, and her beatnik daughter, Francine. Is Francine, as Proxy claims, the unsuspected legacy of her and Tom's past? Without a doubt she is an unsettling gust of the future, upending every certainty in Rusty's life and generating a mist of passion and pretense that seems to obscure everyone's vision but his own. The Bartender's Tale wonderfully captures how the world becomes bigger and the past becomes more complex in the last moments of childhood.

Both lives have been built upon the division of race, and their meeting should never have occurred...until the Soweto Uprising, in which a protest by black students ignites racial conflict, alters the fault lines on which their society is built, and shatters their worlds when Robin's parents are left dead and Beauty's daughter goes missing. After Robin is sent to live with her loving but irresponsible aunt, Beauty is hired to care for Robin while continuing the search for her daughter. In Beauty, Robin finds the security and family that she craves, and the two forge an inextricable bond through their deep personal losses. But Robin knows that if Beauty finds her daughter, Robin could lose her new caretaker forever, so she makes a desperate decision with devastating consequences. Her quest to make amends and find redemption is a journey of self-discovery in which she learns the harsh truths of the society that once promised her protection. Told through Beauty and Robin's alternating perspectives, the interwoven narratives create a rich and complex tapestry of the emotions and tensions at the heart of Apartheid-era South Africa. Hum If You Don't Know the Words is a beautifully rendered look at loss, racism, and the creation of family.

abraham verghese cutting for stone: God Grew Tired of Us John Bul Dau, Michael S. Sweeney, 2008 Explores the indomitable spirit of three Lost boys from the Sudan who are forced to leave their homeland because of a civil war. They triumph over adversities and relocate to the U.S., where they remain deeply committed to helping the friends and family they left behind.

abraham verghese cutting for stone: Brown White Black Nishta J. Mehra, 2019-02-05 Intimate and honest essays on motherhood, marriage, love, and acceptance Brown White Black is a portrait of Nishta J. Mehra's family: her wife, who is white; her adopted child, Shiv, who is black; and

their experiences dealing with America's rigid ideas of race, gender, and sexuality. Her clear-eyed and incisive writing on her family's daily struggle to make space for themselves amid racial intolerance and stereotypes personalizes some of America's most fraught issues. Mehra writes candidly about her efforts to protect and shelter Shiv from racial slurs on the playground and from intrusive questions by strangers while educating her child on the realities and dangers of being black in America. In other essays, she discusses growing up in the racially polarized city of Memphis; coming out as queer; being an adoptive mother who is brown; and what it's like to be constantly confronted by people's confusion, concern, and expectations about her child and her family. Above all, Mehra argues passionately for a more nuanced and compassionate understanding of identity and family. Both poignant and challenging, *Brown White Black* is a remarkable portrait of a loving family on the front lines of some of the most highly charged conversations in our culture.

abraham vergheze cutting for stone: Beach Music Pat Conroy, 2011-08-03 An American expatriate in Rome unearths his family legacy in this sweeping novel by the acclaimed author of *The Prince of Tides* and *The Great Santini*. A Southerner living abroad, Jack McCall is scarred by tragedy and betrayal. His desperate desire to find peace after his wife's suicide draws him into a painful, intimate search for the one haunting secret in his family's past that can heal his anguished heart. Spanning three generations and two continents, from the contemporary ruins of the American South to the ancient ruins of Rome, from the unutterable horrors of the Holocaust to the lingering trauma of Vietnam, *Beach Music* sings with life's pain and glory. It is a novel of lyric intensity and searing truth, another masterpiece among Pat Conroy's legendary and beloved novels. Praise for *Beach Music* "Astonishing . . . stunning . . . The range of passions and subjects that bring life to every page is almost endless."—*The Washington Post Book World* "Magnificent . . . clearly Conroy's best."—*San Francisco Chronicle* "Blockbuster writing at its best."—*Los Angeles Times Book Review* "Pat Conroy's writing contains a virtue now rare in most contemporary fiction: passion."—*The Denver Post* "A powerful, heartfelt tale."—*Houston Chronicle*

abraham vergheze cutting for stone: My Only Story Deon Wiggert, 2020-10-02 In November 2019, Deon Wiggert's sensational weekly podcasts held South Africa in thrall as he hunted down the paedophile who raped him as a schoolboy. Now, in *My Only Story*, he completes his exposé of Willem Breytenbach, the once brilliant teacher and later media luminary who led a predatory life. Deon's mission to expose his abuser takes him from Breytenbach's high-school years at an agricultural school in South Africa's hinterland to the famous Grey College in Bloemfontein and the media titan Naspers. But his quest reveals so much more. As he traces systemic failures through schools great and small, he uncovers a culture of complicity that presents a clear and horrid danger to South Africa's children. While investigating men who prey on boys and girls, Deon devises a model that anyone can use to identify paedophiles in their midst. In his own words: 'It's pleasant to pretend that men don't rape children, but once you accept that they do, it becomes surprisingly easy to recognise their trickery. Once you match a universal pattern to a specific man's profile, you can spot the deceit before it is too late.' *My Only Story* is a riveting, thoughtful and often irreverent account of one man's determination to overcome childhood trauma; to help others face their demons; and to extract some beauty from the boyhood he lost.

abraham vergheze cutting for stone: The Shape of the Eye George Estreich, 2013-04-18 [An] elegantly written, unsentimental memoir.—*PEOPLE MAGAZINE* [PEOPLE's Pick of the Week] Winner of the 2014 Nautilus Award represents "Better Books for a Better World"—the Silver Award in the category of Parenting /Family. When Laura Estreich is born, her appearance presents a puzzle: does the shape of her eyes indicate Down syndrome, or the fact that she has a Japanese grandmother? In this powerful memoir, George Estreich, a poet and stay-at-home dad, tells his daughter's story, reflecting on her inheritance --- from the literal legacy of her genes, to the family history that precedes her, to the Victorian physician John Langdon Down's diagnostic error of Mongolian idiocy. Against this backdrop, Laura takes her place in the Estreich family as a unique child, quirky and real, loved for everything ordinary and extraordinary about her. In this wise and moving memoir, George Estreich tells the story of his family as his younger daughter is diagnosed

with Down syndrome and they are thrust into an unfamiliar world. Estreich writes with a poet's eye and gift of language, weaving this personal journey into the larger history of his family, exploring the deep and often hidden connections between the past and the present. Engaging and unsentimental, *The Shape of the Eye* taught me a great deal. It is a story I found myself thinking about long after I'd finished the final pages. —Kim Edwards, author of *The Memory Keeper's Daughter* A poignant, beautifully written, and intensely moving memoir —Abraham Verghese, author of *Cutting for Stone* “*The Shape of the Eye* is a memoir of a father's love for his daughter, his struggle to understand her disability, and his journey toward embracing her power and depth. Estreich is raw and honest and draws us each into a new view of what it means to be 'human' and what it means to be 'different.' This book is beautifully written, poetically insightful, and personally transformative. To read it is to rethink everything and to be happy because of the journey.” —Timothy P. Shriver, Ph.D., Chairman & CEO of the Special Olympics *The Shape of the Eye* personalizes Down syndrome, bringing a condition abstracted in the medical literature into the full dimensionality of one family's life. It's brave of George Estreich to make what has befallen his family so public, trusting of him to let an unknown audience second-guess the family's choices. Because he's opened his home and heart in this memoir, we are privileged to witness in chaotic, heart-wrenching, joyous detail what it means to have and to love a child with Down syndrome. —Marcia Childress, Associate Professor of Medical Education (Medical Humanities), University of Virginia School of Medicine

abraham verghese cutting for stone: *A Life in Medicine* Robert Coles, Randy Testa, 2012-09-04 “Excellent” poetry and prose about physicians and their patients, by Raymond Carver, Kay Redfield Jamison, Rachel Naomi Remen, and more (Library Journal). *A Life in Medicine* collects stories, poems, and essays by and for those in the healing profession, who are struggling to keep up with the science while staying true to the humanitarian goals at the heart of their work. Organized around the central themes of altruism, knowledge, skill, and duty, the book includes contributions from well-known authors, doctors, nurses, practitioners, and patients. Provocative and moving pieces address what it means to care for a life in a century of unprecedented scientific advances, examining issues of hope and healing from both ends of the stethoscope. “An anthology of lasting appeal to those interested in medicine, well-written literature, and a sympathetic understanding of human life.” —Booklist

abraham verghese cutting for stone: *Say You're One of Them* Uwem Akpan, 2008-06-09 An Oprah's Book Club selection: this electrifying book (Washington Post) pays tribute to the wisdom and resilience of children even in the face of the most agonizing circumstances. Uwem Akpan's stunning stories humanize the perils of poverty and violence so piercingly that few readers will feel they've ever encountered Africa so immediately. The eight-year-old narrator of *An Ex-Mas Feast* needs only enough money to buy books and pay fees in order to attend school. Even when his twelve-year-old sister takes to the streets to raise these meager funds, his dream can't be granted. Food comes first. His family lives in a street shanty in Nairobi, Kenya, but their way of both loving and taking advantage of each other strikes a universal chord. In the second of his stories published in a New Yorker special fiction issue, Akpan takes us far beyond what we thought we knew about the tribal conflict in Rwanda. The story is told by a young girl, who, with her little brother, witnesses the worst possible scenario between parents. They are asked to do the previously unimaginable in order to protect their children. This singular collection will also take the reader inside Nigeria, Benin, and Ethiopia, revealing in beautiful prose the harsh consequences for children of life in Africa. Akpan's voice is a literary miracle, rendering lives of almost unimaginable deprivation and terror into stories that are nothing short of transcendent. One of the best books of the year: Wall Street Journal, People, Bloomberg News, Christian Science Monitor, Washington Post Book World, and Entertainment Weekly

abraham verghese cutting for stone: *The Cutter Incident* Paul A. Offit, 2007-09-18 Vaccines

have saved more lives than any other single medical advance. Yet today only four companies make vaccines, and there is a growing crisis in vaccine availability. Why has this happened? This remarkable book recounts for the first time a devastating episode in 1955 at Cutter Laboratories in Berkeley, California, that has led many pharmaceutical companies to abandon vaccine manufacture. Drawing on interviews with public health officials, pharmaceutical company executives, attorneys, Cutter employees, and victims of the vaccine, as well as on previously unavailable archives, Dr. Paul Offit offers a full account of the Cutter disaster. He describes the nation's relief when the polio vaccine was developed by Jonas Salk in 1955, the production of the vaccine at industrial facilities such as the one operated by Cutter, and the tragedy that occurred when 200,000 people were inadvertently injected with live virulent polio virus: 70,000 became ill, 200 were permanently paralyzed, and 10 died. Dr. Offit also explores how, as a consequence of the tragedy, one jury's verdict set in motion events that eventually suppressed the production of vaccines already licensed and deterred the development of new vaccines that hold the promise of preventing other fatal diseases.
