my secret garden nancy friday: Arousal Michael J. Bader, 2003-01-18 Sexual fantasies. Everyone has them, but no one knows what they mean. People are curious about and often confused by the things that arouse them, yet they are often too ashamed to reveal their most private fantasies to their partners or even their therapists. In this fascinating and provocative book, Dr. Michael J. Bader offers a groundbreaking new theory of sexual desire, one that will liberate men and women and enable them to better understand their sexual preferences. Drawing on his twenty-five years as a psychotherapist and psychoanalyst, Dr. Bader demonstrates that rather than being programmed by biology or society, sexual fantasies and preferences are really psychological antidotes to unconscious dangers. Armed with this novel theory, men and women will no longer need to feel ashamed about what arouses them or confused about what arouses others. Dr. Bader sensitively tells the stories of his patients and explains the meaning of their sexual fantasies. In terms refreshingly free of jargon, he reveals how his profound new theory can be used to decipher a wide variety of sexual fantasies and behavior, ranging from ordinary preferences about positions in bed to flamboyant scenarios worthy of the Marquis de Sade. And yet, Dr. Bader's exciting new theory transcends the realm of individual psychology. Readers will come away with a radically new understanding of such issues as sexual chemistry and boredom, cybersex, pornography, and the differences in how men and women get excited. Both erudite and accessible, Arousal: The Secret Logic of Sexual Fantasies is an important landmark in the literature of sexuality.

my secret garden nancy friday: *The Making of the Modern Body* Catherine Gallagher, Thomas Laqueur, 1987-02-06 Scholars have only recently discovered that the human body itself has a history. Not only has it been perceived, interpreted, and represented differently in different epochs, but it has also been lived differently, brought into being within widely dissimilar material cultures, subjected to various technologies and means of control, and incorporated into different rhythms of production and consumption, pleasure and pain. The eight articles in this volume support, supplement, and explore the significance of these insights. They belong to a new historical endeavor that derives partly from the crossing of historical with anthropological investigations, partly from social historians' deepening interest in culture, partly from the thematization of the body in modern philosophy (especially phenomenology), and partly from the emphasis on gender, sexuality, and women's history that large numbers of feminist scholars have brought to all disciplines.

my secret garden nancy friday: *The Ape that Understood the Universe* Steve Stewart-Williams, 2019-11-21 *The Ape that Understood the Universe* is the story of the strangest animal in the world: the human animal. It opens with a question: How would an alien scientist view our species? What would it make of our sex differences, our sexual behavior, our altruistic tendencies, and our culture? The book tackles these issues by drawing on two major schools of thought: evolutionary psychology and cultural evolutionary theory. The guiding assumption is that humans are animals, and that like all animals, we evolved to pass on our genes. At some point, however, we also evolved the capacity for culture - and from that moment, culture began evolving in its own right. This transformed us from a mere ape into an ape capable of reshaping the planet, travelling to other worlds, and understanding the vast universe of which we're but a tiny, fleeting fragment. Featuring a new foreword by Michael Shermer.

my secret garden nancy friday: *30 Covert Emotional Manipulation Tactics* Adelyn Birch, 2015-12-26 Learn the manipulator's game, so they can't play it with you. Identifying covert emotional manipulation is tricky. You sense something is wrong, but you can't quite put your finger

on the problem. This powerful book will reveal to you if manipulation is at play in your relationships. It will open your eyes. You will learn thirty tactics manipulators use to get what they want. You will also learn to spot the warning signs within yourself that expose covert manipulation is taking place, even if you can't identify the specific tactics being used. This book is geared toward romantic relationships, including those involving a pathological partner. Even so, many of the manipulation tactics are the same as those used by family members, coworkers, friends and others. Covert emotional manipulation tactics are underhanded methods of control. Emotional manipulation methodically wears down your self-worth and damages your trust in your own perceptions. It can make you unwittingly compromise your personal boundaries and lose your self-respect, and even lead to a warped concept of yourself and of reality. With your defenses weakened or completely disarmed in this manner, you are left even more vulnerable to further manipulation and psychological harm. Empower yourself and get your life back! An excellent and concise guide to emotional abuse. Here is a concise listing with well written descriptions of each method and tactic of emotional abusers. In my opinion everyone should read this book. Forewarned is forearmed. Clear, concise, accurate portrayal of complex subject matter impacting many people. I appreciate the accessibility to the general public of a topic that is often overlooked, but impacts morale not only in romantic relationships, but in the family, at work and in myriad social situations. Wow. What a sap I've been. I've been victimized by a control freak domineering wife for nearly 30 years. I knew I was passive but I had no idea how cutthroat she really was. Very eye opening. This author nails it. Some examples were direct quotes from people I know, so I know I am not alone in having been manipulated. It is directly applicable to my life and gives excellent guidance for how to recognize and therefore avoid manipulations in the future. I am recommending it to a number of my friends. At first I thought this was another of those little books with no content. I went ahead and got it anyway. Immediately I realized I was wrong. Good choice. Knowing the tactics made me far less emotional about what has been happening, better able to deal with the manipulation. Consequently, I look less crazy, I count that as a win! BRAVO! Everyone should read this... if you're in a controlling relationship, man or woman, this will help you spell it out. Don't let these people in at ANY cost..it's not worth your LIFE Short and right to the point. Worth re-reading and, because of the format, it was easy to locate points that I wanted to find again. This book provides instant clarity. Must read for anyone who interacts with other people, ever! VERY useful information everyone should be aware of! Great! This is one of those great little book that you come across once in a while. The book is short because it left all the bulls*** and fillers out! Excellent! A must read for anyone that is lost in a relationship. I would like to thank the author for an eye opening experience! This book has clarified more for me than I have ever understood in my entire life time. Impressive! Short, direct, and thought-provoking. I only wish I had read it years ago! Every young person should read this before dating! If you're wondering . . . gee, should I read this book? The answer is YES. It should be required for every human adult's relationship toolkit.
