

# Omar Bradley General At War

**omar bradley general at war: Omar Bradley** Jim DeFelice, 2014-09-09 The First In-Depth Biography of America's Last Five-Star General He was known as "the G.I. General"—humble, self-effacing, hard-working, reflecting the small-town virtues of the America whose uniform he wore. But those very virtues have led historians to neglect General Omar Bradley—until now. Bestselling author Jim DeFelice, in this, the first-ever in-depth biography of America's last five-star general, tells Bradley's full story, and argues that the neglected G.I. General did more than any other to defeat Hitler in World War II. While General George S. Patton has garnered much of the glory, General Dwight David Eisenhower has claimed much of the world's respect, and British General Bernard Montgomery has kept the Union Jack flying, as DeFelice proves, it was the unassuming Bradley who actually developed the strategy and the tactics that won the war in Europe. Meticulously researched, using previously untapped documents and unpublished diaries and notes, *Omar Bradley: General at War* reveals: Why Bradley, not Patton, deserves most of the credit for America's victories in North Africa How Bradley—first Patton's subordinate, then his superior—was one of Patton's great defenders, while also recognizing his weaknesses, and tried to cover up the infamous slapping incident How Eisenhower panicked—when Bradley didn't—during the early stages of the Battle of the Bulge, delaying an American counterattack that could have saved thousands of lives Why Bradley was a radical innovator in the use of combined air, armor, and infantry power How Bradley, contrary to those who like to portray him as a staid counterpart to Patton, was one of the most ardent practitioners of fast-moving offensives Why Bradley expected the Germans might use radiological weapons at Normandy Provocative, thorough, original, Jim DeFelice's *Omar Bradley: General at War* deserves a place on the shelf of every reader of World War II history.

**omar bradley general at war: Omar Bradley** Jim DeFelice, 2013-04-22 He was known as the G.I. General - humble, self-effacing, hard-working, reflecting the small-town virtues of the America whose uniform he wore. But those very virtues have led historians to neglect General Omar Bradley - until now. Bestselling author Jim DeFelice, in this, the first-ever biography of America's last five-star general, tells Bradley's full story, and argues that the neglected G.I. General did more than any other to defeat Hitler in World War II. DeFelice reveals: Why Bradley deserves most of the credit for America's victories in North Africa How Bradley was one of Patton's great defenders and tried to cover up the infamous slapping incident How Eisenhower panicked - when Bradley didn't - during the early stages of the Battle of the Bulge Why Bradley expected the Germans might use radiological weapons at Normandy Meticulously researched, using previously untapped document and unpublished diaries, *Omar Bradley: General at War* deserves a place on the shelf of every reader of World War II history.

**omar bradley general at war: Omar Nelson Bradley** Steven L. Ossad, 2017-12-19 When Omar Nelson Bradley began his military career more than a century ago, the army rode horses into combat and had less than 200,000 men. No one had heard of mustard gas. At the height of his career, Bradley (known as "Brad" and "The GI's General") led 1.23 million men as commander of 12 Army Group in the Western Front to bring an end to World War II. Omar Nelson Bradley was the youngest and last of nine men to earn five-star rank and the only army officer so honored after World War II. This new biography by Steven L. Ossad gives an account of Bradley's formative years, his decorated career, and his postwar life. Bradley's decisions shaped the five Northwest European Campaigns from the D-Day landings to VE Day. As the man who successfully led more Americans in battle than any other in our history, his long-term importance would seem assured. Yet his name is not discussed often in the classrooms of either civilian or military academies, either as a fount of tactical or operational lessons learned, or a source of inspiration for leadership exercised at Corps, Army, Group, Army Chief, or Joint Chiefs of Staff levels. The Bradley image was tailor-made for the

quintessential homespun American heroic ideal and was considered by many to be a simple, humble country boy who rose to the pinnacle of power through honesty, hard work, loyalty and virtuous behavior. Even though his classmates in both high school and at West Point made remarks about his looks, and Bradley was always self-conscious about smiling because of an accident involving his teeth, he went on to command 12 Army Group, the largest body of American fighting men under a single general. Bradley's postwar career as administrator of the original GI Bill and first Chairman of the Joint Chiefs of Staff during the Korean War ensures his legacy. These latter contributions, as much as Bradley's demonstrable World War II leadership, shaped U.S. history and culture in decisive, dramatic, and previously unexamined ways. Drawing on primary sources such as those at West Point, Army War College and Imperial War Museum, this book focuses on key decisions, often through the eyes of eyewitness and diarist, British liaison officer Major Thomas Bigland. The challenges our nation faces sound familiar to his problems: fighting ideologically-driven enemies across the globe, coordinating global strategy with allies, and providing care and benefits for our veterans.

**omar bradley general at war: *The Private Life of General Omar N. Bradley*** Jeffrey D. Lavoie, 2015-11-18 The life and achievements of General Omar Nelson Bradley are legendary. During World War II, the five-star general was a key figure in the D-Day invasion and the Battle of the Bulge. But his private life has always lain just outside the reach of the media. Bradley has long been portrayed as a soft-spoken gentleman. This media-driven stereotype has pushed him aside in America's collective memory, which more readily recalls flamboyant leaders such as Patton, Eisenhower or George C. Marshall. This book reexamines the prevailing view of Bradley through a reading of unpublished sources and letters, paying special attention to his relationship with his second wife Kitty Buhler and his later years (1951-1981), a period largely ignored by previous research. Bradley's life was far from boring. Behind closed doors were trysts with Hollywood starlets, a penchant for gambling at the horse track and hobnobbing with high-profile stars, writers and political leaders.

**omar bradley general at war: *Brothers, Rivals, Victors*** Jonathan W. Jordan, 2012-04-03 NATIONAL BESTSELLER • The intimate true story of three of the greatest American generals of World War II, and how their intense blend of comradery and competition spurred Allied forces to victory. "One of the great stories of the American military."—Thomas E. Ricks, Pulitzer Prize-winning author of *The Generals* Dwight Eisenhower, George Patton and Omar Bradley shared bonds going back decades. All three were West Pointers who pursued their army careers with a remarkable zeal, even as their paths diverged. Bradley was a standout infantry instructor, while Eisenhower displayed an unusual ability for organization and diplomacy. Patton, who had chased Pancho Villa in Mexico and led troops in the First World War, seemed destined for high command and outranked his two friends for years. But with the arrival of World War II, it was Eisenhower who attained the role of Supreme Commander, with Patton and Bradley as his subordinates. Jonathan W. Jordan's New York Times bestselling *Brothers Rivals Victors* explores this friendship that waxed and waned over three decades and two world wars, a union complicated by rank, ambition, jealousy, backbiting and the enormous stresses of command. In a story that unfolds across the deserts of North Africa to the beaches of Sicily, from D-Day to the Battle of the Bulge and beyond, readers are offered revealing new portraits of these iconic generals.

**omar bradley general at war: *A Soldier's Story*** Omar N. Bradley, 1999-05-04 D-Day, the Battle of the Bulge, the liberation of Paris, the relentless drive through Germany toward Allied victory--Omar Bradley, the GI General, was there for every major engagement in the European theater. *A Soldier's Story* is the behind-the-scenes eyewitness account of the war that shaped our century: the tremendous manpower at work, the unprecedented stakes, the snafus that almost led to defeat, the larger-than-life personalities and brilliant generals (Patton, Eisenhower, Montgomery) who masterminded it all. One of the two books on which the movie *Patton* was based, *A Soldier's Story* is a compelling and vivid memoir from the greatest military tactician of our time. The books in the Modern Library War series have been chosen by series editor Caleb Carr according to the

significance of their subject matter, their contribution to the field of military history, and their literary merit.

**omar bradley general at war: The Soldier's General** Janice A. Petterchak, 2014 Presents a full-life biography of World War II general Omar Bradley, the last five-star General of the United States army.

**omar bradley general at war: The Private Life of General Omar N. Bradley** Jeffrey D. Lavoie, 2015-11-10 The life and achievements of General Omar Nelson Bradley are legendary. During World War II, the five-star general was a key figure in the D-Day invasion and the Battle of the Bulge. But his private life has always lain just outside the reach of the media. Bradley has long been portrayed as a soft-spoken gentleman. This media-driven stereotype has pushed him aside in America's collective memory, which more readily recalls flamboyant leaders such as Patton, Eisenhower or George C. Marshall. This book reexamines the prevailing view of Bradley through a reading of unpublished sources and letters, paying special attention to his relationship with his second wife Kitty Buhler and his later years (1951-1981), a period largely ignored by previous research. Bradley's life was far from boring. Behind closed doors were trysts with Hollywood starlets, a penchant for gambling at the horse track and hobnobbing with high-profile stars, writers and political leaders.

**omar bradley general at war: The Generals** Thomas E. Ricks, 2013-10-29 A New York Times bestseller! An epic history of the decline of American military leadership—from the bestselling author of *Fiasco* and *Churchill and Orwell*. While history has been kind to the American generals of World War II—Marshall, Eisenhower, Patton, and Bradley—it has been less kind to the generals of the wars that followed, such as Koster, Franks, Sanchez, and Petraeus. In *The Generals*, Thomas E. Ricks sets out to explain why that is. In chronicling the widening gulf between performance and accountability among the top brass of the U.S. military, Ricks tells the stories of great leaders and suspect ones, generals who rose to the occasion and generals who failed themselves and their soldiers. In Ricks's hands, this story resounds with larger meaning: about the transmission of values, about strategic thinking, and about the difference between an organization that learns and one that fails.

**omar bradley general at war: The Wrong War** Rosemary Foot, 2019-06-30 In 1951, General Omar Bradley declared publicly that war with China would involve the United States in the wrong war, at the wrong place, at the wrong time, and with the wrong enemy. Despite the stated intent of the U.S. to keep the Korean conflict from spreading, the debate on extending the war was far more intense and protracted than previous accounts of this period have suggested. Concentrating on the debate over expansion, Rosemary Foot reveals the strains it caused both within the U.S. bureaucracy and between America and its North Atlantic allies. She supplies important new information on the U.S. government's appraisal of Sino-Soviet relations between 1950 and 1953, and makes clear that a high proportion of U.S. officials came to recognize the limited nature of Soviet support for China. Explaining why the Eisenhower administration nearly unleashed nuclear weapons on China in the spring of 1953, Foot demonstrates that the Korean war would very likely have grown into a conflict of major proportions if the Chinese and North Koreans had not conceded the final issue of the truce talks—the question of the voluntary repatriation of prisoners of war.

**omar bradley general at war: The War Lords** Michael Carver, 2005-09-30 Detailed profiles of forty-three military commanders of the twentieth century, from Patton to Rommel, Yamamoto, and Zhukov, written by top historians. In *The War Lords*, Field Marshal Lord Carver has assembled an engrossing series of short, detailed biographies of forty-three of the dominant military commanders on the twentieth-century world stage, written by such prominent historians as Alistair Horne, Norman Stone, Stephen Ambrose, Lord Kinross, and Martin Middlebrook. Included are: Field-Marshal the Earl Alexander, E.H.H. Allenby, Claude Auchinleck, Field-Marshal Sir, Omar N. Bradley, General of the Army, Andrew Browne Cunningham, Admiral of the Fleet the Viscount, Karl Doenitz, Admiral, Hugh C.T. Dowding, Air Chief Marshal, Dwight D. Eisenhower, General of the Army, Ferdinand Foch, Bernard Freyberg, Lieutenant-General Lord, Heinz Guderian, General,

Douglas Haig, William F. Halsey, Fleet Admiral, Ian Hamilton, Arthur Harris, Marshal of the Royal Air Force Sir, Paul von Hindenburg, John Rushworth Jellicoe, Joseph Joffre, Alphonse Juin, Marshal, Mustafa Kemal, Ivan Koniev, Marshal, Erich Ludendorff, Douglas C. MacArthur, General of the Army, John Monash, Bernard L. Montgomery, of Alamein, Louis Mountbatten, Earl of Burma, Chester W. Nimitz, Fleet Admiral, George S. Patton, General, John J. Pershing, Philippe Petain, Erwin Rommel, Field-Marshal, William Joseph Slim, Field-Marshal the Viscount, Carl A. Spaatz, General, Raymond A. Spruance, Admiral, Joseph W. Stilwell, General, Marshal of the Royal Air Force Lord Tedder, Hugh Trenchard, Erich Von Falkenhayn, Erich Von Manstein, Field Marshal, Gerd Von Rundstedt, Field-Marshal, Archibald Wavell, Field-Marshal Earl, Isoroku Yamamoto, Admiral & Georgii Zhukov, Marshal.

**omar bradley general at war:** *Guard Wars* Michael E. Weaver, 2010-10-29 An inventive study of relations between the National Guard and the Regular Army during World War II, *Guard Wars* follows the Pennsylvania National Guard's 28th Infantry Division from its peacetime status through training and into combat in Western Europe. The broader story, spanning the years 1939-1945, sheds light on the National Guard, the U.S. Army, and American identities and priorities during the war years. Michael E. Weaver carefully tracks the division's difficult transformation into a combat-ready unit and highlights General Omar Bradley's extraordinary capacity for leadership -- which turned the Pennsylvanians from the least capable to one of the more capable units, a claim dearly tested in the Battle of the Hürtgen Forest. This absorbing and informative analysis chronicles the nation's response to the extreme demands of a world war, and the flexibility its leaders and soldiers displayed in the chaos of combat.

**omar bradley general at war: Allied Commanders of World War II** Anthony Kemp, 1990-01-25 The Second World War, unlike the First, fostered the projection of 'characters'. Thanks to the media, many of the Allied commanders became household names, known as much for their successes and defeats on the battlefield as for their personalities. This book provides a brief review of the careers of some of the most notable figures to achieve high command in the Allied forces, a list that includes General of the Army Omar Bradley, Field Marshal Sir Bernard Montgomery, General George Patton and General of the Army Dwight D. Eisenhower. These characters are brought to life through numerous illustrations, including photographs and colour plates.

**omar bradley general at war: Five Stars** James F. Muench, 2006 Profiles five U. S. military generals from Missouri: Alexander William Doniphan, who served in the Mexican-American War; Sterling Price, who served in the Civil War (Confederate); Ulysses S. Grant, who also served in the Civil War (Union); John Pershing, who served in WWI; and Omar Bradley, who served in WWII--Provided by publisher.

**omar bradley general at war: West Point 1915** Michael E. Haskew, 2014-10-17 West Point's Class of 1915 is the academy's most important in history. The cadets of the United States Military Academy, West Point, are intimately twined with the country's history. The graduating class of 1915, the class the stars fell on, was particularly noteworthy. Of the 164 graduates that year, 59 (36%) attained the rank of general, the most of any class in. Although Dwight Eisenhower and Omar Bradley, both five-star generals, are the most recognizable, other class members contributed significantly to the Allied victory in World War I, World War II and played key roles either in the post-war U.S. military establishment or in business and industry after World War II, especially in the Korean War and the formation of NATO. For more than half a century, these men exerted tremendous influence on the shaping of modern America, which remains substantial to this day. Individually, the stories of these military and political leaders are noteworthy. Collectively, they are astonishing. *West Point, 1915* explores the achievements of this remarkable group.

**omar bradley general at war: Busting the Bocage** Michael Dale Doubler, 1988

**omar bradley general at war: Masters Of The Art Of Command** Martin Blumenson, James L. Stokesbury, 1990-08-22

**omar bradley general at war: *Lightning Joe: An Autobiography*** J. Lawton Collins, 2022-11-01 A native of New Orleans who graduated from West Point in 1917, General J. Lawton Collins was a

division commander and later a corps commander in World War II, US Army chief of staff during the Korean War, and US special representative in Vietnam following the Geneva accords. "General Collins was one of driving forces in our military leadership during World War II and the postwar period. His autobiography, *Lightning Joe*, is a fascinating and dramatic account of those critical years, as well as a warm, personal story." — W. Averell Harriman "The route to leadership in combat is long, tedious, competitive and difficult. General Collins' splendid record indicates that he understood and mastered the challenge. Attaining the highest commands and acquitting himself in magnificent style, Joe Collins added brilliant pages to the already bright history of the United States Army." — General Mark W. Clark "Lightning Joe is a remarkably interesting book. It is packed with statistics, dates, and places, and certainly will be an essential reference book for anyone interested in World War II in Europe and the years immediately following that war." — General James M. Gavin "Anyone who has wondered how the small Army officer corps of the 1920s and 1930s was able to produce so many effective and often brilliant commanders in World War II will find an answer in this autobiography of General J. Lawton Collins. General Collins recounts his varied experiences in war and peace with exacting accuracy of fact and in an interesting and lucid manner, which makes his book most valuable reading both for the historian and the lay reader wishing to learn more about what it takes to make a successful modern general." — General Maxwell D. Taylor "In this autobiography, General J. Lawton Collins exhibits the qualities of mind which won him the reputation as one of the brainiest of American combat commanders: clarity, judiciousness, incisiveness, and realism... a book which should prove valuable to both historian and the general reader... [an] admirable book." — Ronald Spector, *Military Affairs* "[H]ere is a soldier-memoirist grappling earnestly to convey the possible benefits of his own tactical experience to future tacticians, as well as to contribute to the historian's more forthright quest for as true as possible a reconstruction of the past. Collins is a candidly self-critical memoirist... As a memoirist, Collins has met a standard comparable to that of his exercise of command — which is saying a great deal." — Russell F. Weigley, *The Review of Politics* "The picture that emerges from [the book]... is that of a man of extraordinary good judgment who as a combat commander was neither rash nor overly cautious, an officer who was at once modest and serenely confident of his skills, one who had no time for military posturing... in sum, here is a sharply written and fast-moving account of the life of a man who was intimately involved in some of the most important happenings and with some of the most important people of the present century. It is a book that will appeal to scholars and to general readers alike." — John Edward Wiltz, *The Register of the Kentucky Historical Society* "J. Lawton Collins was one of the most important and influential American military leaders of the twentieth century... His descriptions of the fighting in France, the Battle of the Bulge, and the ultimate conquest of Germany offer important insights for anyone interested in the Second World War... *Lightning Joe* is the candid, thoughtful appraisal of world-shaking events by a man considered to be one of the most innovative, aggressive, and effective generals the United States has ever produced." — *Midwest Book Review*

**omar bradley general at war:** Terrible Terry Allen Gerald Astor, 2008-12-24 Terry de la Mesa Allen's mother was the daughter of a Spanish officer, and his father was a career U.S. Army officer. Despite this impressive martial heritage, success in the military seemed unlikely for Allen as he failed out of West Point—twice—ultimately gaining his commission through Catholic University's R.O.T.C. program. In World War I, the young officer commanded an infantry battalion and distinguished himself as a fearless combat leader, personally leading patrols into no-man's-land. In 1940, with another world war looming, newly appointed army chief of staff Gen. George C. Marshall reached down through the ranks and, ahead of almost a thousand more senior colonels, promoted Patton, Eisenhower, Allen, and other younger officers to brigadier general. For Operation Torch, the invasion of North Africa, Allen, now a two-star general, commanded the Big Red One, the First Infantry Division, spearheading the American attack against the Nazis. Despite a stellar combat record, however, Major General Allen found himself in hot water with the big brass. Allen and his troops had become notorious for their lack of discipline off the battlefield. When Seventh Army

commander George Patton was pressed by his deputy Omar Bradley to replace “Terrible Terry” before the invasion of Sicily, he demurred, favoring Allen’s success in combat. At the end of the Sicily campaign, with Allen’s protector Patton out of the way (relieved for slapping a soldier), Omar Bradley fired Allen and sent him packing back to the States, seemingly in terminal disgrace. Once again, however, George Marshall reached down and in October 1944, Terrible Terry was given command of another infantry division, the 104th Timberwolves and took it into heavy combat in Belgium. Hard fighting continued as Allen’s division spearheaded the U.S. First Army’s advance across Germany. On 26 April 1945, Terrible Terry Allen’s hard-charging Timberwolves became the first American outfit to link up with the Soviet Union’s Red Army. Terrible Terry Allen was one of the most remarkable American soldiers of World War II or any war. Hard bitten, profane, and combative, Allen disdained the “book,” but he knew how to wage war. He was a master of strategy, tactics, weaponry, and, most importantly, soldiers in combat.

**omar bradley general at war: The General vs. the President** H. W. Brands, 2017-10-03  
NEW YORK TIMES BESTSELLER From the two-time Pulitzer Prize finalist, bestselling historian, and author of *Our First Civil War* comes the riveting story of how President Harry Truman and General Douglas MacArthur squared off to decide America’s future in the aftermath of World War II. A highly readable take on the clash of two titanic figures in a period of hair-trigger nuclear tensions.... History offers few antagonists with such dramatic contrasts, and Brands brings these two to life. —Los Angeles Times At the height of the Korean War, President Harry S. Truman committed a gaffe that sent shock waves around the world, when he suggested that General Douglas MacArthur, the willful, fearless, and highly decorated commander of the American and U.N. forces, had his finger on the nuclear trigger. At a time when the Soviets, too, had the bomb, the specter of a catastrophic third World War lurked menacingly close on the horizon. A correction quickly followed, but the damage was done; two visions for America’s path forward were clearly in opposition, and one man would have to make way. The contest of wills between these two titanic characters unfolds against the turbulent backdrop of a faraway war and terrors conjured at home by Joseph McCarthy. From the drama of Stalin’s blockade of West Berlin to the daring landing of MacArthur’s forces at Inchon to the shocking entrance of China into the war, *The General and the President* vividly evokes the making of a new American era.

**omar bradley general at war: After D-Day** James Jay Carafano, 2008-06-13 After storming the beaches on D-Day, June 6, 1944, the Allied invasion of France bogged down in seven weeks of grueling attrition in Normandy. On July 25, U.S. divisions under Gen. Omar Bradley launched Operation Cobra, an attempt to break out of the hedgerows and begin a war of movement across France. Despite a disastrous start, with misdropped bombs killing hundreds of GIs, Cobra proved to be one of the most pivotal battles of World War II, successfully breaking the stalemate in Normandy and clearing a path into occupied France.

**omar bradley general at war: Veterans' Benefits in the United States** President's Commission on Veterans' Pensions (U.S.), 1956

**omar bradley general at war: Corps Commanders of the Bulge** Harold R. Winton, 2016-07-10 If the Battle of the Bulge was Germany’s last gasp, it was also America’s proving ground—the largest single action fought by the U.S. Army in World War II. Taking a new approach to an old story, Harold Winton widens our field of vision by showing how victory in this legendary campaign was built upon the remarkable resurrection of our truncated interwar army, an overhaul that produced the effective commanders crucial to GI success in beating back the Ardennes counteroffensive launched by Hitler’s forces. Winton’s is the first study of the Bulge to examine leadership at the largely neglected level of corps command. Focusing on the decisions and actions of six Army corps commanders—Leonard Gerow, Troy Middleton, Matthew Ridgway, John Millikin, Manton Eddy, and J. Lawton Collins—he recreates their role in this epic struggle through a mosaic of narratives that take the commanders from the pre-war training grounds of America to the crucible of war in the icy-cold killing fields of Belgium and Luxembourg. Winton introduces the story of each phase of the Bulge with a theater-level overview of the major decisions and events that shaped the

corps battles and, for the first time, fully integrates the crucial role of airpower into our understanding of how events unfolded on the ground. Unlike most accounts of the Ardennes that chronicle only the periods of German and American initiative, Winton's study describes an intervening middle phase in which the initiative was fiercely contested by both sides and the outcome uncertain. His inclusion of the principal American and German commanders adds yet another valuable layer to this rich tapestry of narrative and analysis. Ultimately, Winton argues that the flexibility of the corps structure and the competence of the men who commanded the six American corps that fought in the Bulge contributed significantly to the ultimate victory. Chronicling the human drama of commanding large numbers of soldiers in battle, he has produced an artful blend of combat narrative, collective biography, and institutional history that contributes significantly to the broader understanding of World War II as a whole. With the recent modularization of the U.S. Army division, which makes this command echelon a re-creation of the corps of World War II, Corps Commanders of the Bulge also has distinct relevance to current issues of Army transformation.

**omar bradley general at war: Breathing the Fire** Kimberly Dozier, 2011-08-01 "A harrowing tale of courage, survival, determination, fellowship and the high price of covering a war . . . a master storyteller and one tough journalist." —Tom Brokaw CBS Foreign Correspondent Kimberly Dozier shares her compelling story from being injured in Iraq to her recovery . . . shedding light on the ordeal faced by countless combat veterans and civilians. In a flash, Kimberly Dozier's life changed. As an award-winning CBS News reporter, Dozier had devoted her career to being in the right place at the right time to capture the story. Suddenly, in the wrong place at the worst time, she became the story, as a deadly explosion tore through her team and the troops they were following, and a word spread worldwide. That Memorial Day in 2006, a routine mission ended with Dozier in a pool of blood on a Baghdad street, a victim of a car bomb that killed her team, cameraman Paul Douglas and soundman James Brolan, as well as U.S. Army Captain James Alex Funkhouser and his translator. Critically injured, Dozier woke to find herself fighting first for survival, then for recovery, and finally to return to the field. *Breathing the Fire* tracks one woman's relentless determination to get the story, to get it right, and to get well again after everything went wrong. The paperback was produced at the request of hospital caregivers, who find the book helps trauma patients and the families supporting them. The author's profits go to wounded warrior charities. "A rare, personal view—with all the attention to detail a great reporter brings to bear—into an experience shared by thousands of wounded Iraq veterans." —Dan Rather

**omar bradley general at war: Congressional Record** United States. Congress, 1962 The Congressional Record is the official record of the proceedings and debates of the United States Congress. It is published daily when Congress is in session. The Congressional Record began publication in 1873. Debates for sessions prior to 1873 are recorded in *The Debates and Proceedings in the Congress of the United States (1789-1824)*, the *Register of Debates in Congress (1824-1837)*, and the *Congressional Globe (1833-1873)*

**omar bradley general at war: Bradley: A Biography** Alan Axelrod, 2009-06-09 Alan Axelrod applies his signature insight and compelling prose to the life, strategy and legacy of the general Bradley who remains the model for all commanders today as the man who revolutionized the National Guard, shaped the US army's focus on the individual soldier, and emphasized cooperation and coordination among the military services—a cornerstone of modern U.S. military doctrine. Dubbed by the World War II press as The GI General because of his close identification with his men, Omar Bradley rose to command the U. S. 12th Army Group in the European Campaign. By the spring of 1945, this group contained 1,300,000 men—the largest exclusively American field command in U.S. history. Mild mannered, General Bradley was a dedicated mentor, the creator of the Officer Candidate School system, and a methodical tactician who served through World War II. Then, as a five-star general, he lifted the Veterans Administration from corruption and inefficiency to a model government agency, served as U.S. Army chief of staff, first chief of the Joint Chiefs of Staff, and head of NATO.

**omar bradley general at war:** Keystones of Thought Austin O'Malley, 1914

**omar bradley general at war: Joe Steele** Harry Turtledove, 2015 In this alternative history, Joe Steele takes the place of Franklin D. Roosevelt to become the U.S. President leading the country out of the Great Depression. The reforms he puts in place get citizens back to work, but Steele's critics end up in work camps if they complain too much about the policies.

**omar bradley general at war:** *Cross Channel Attack* Gordon A. Harrison, 1993-12 Discusses the Allied invasion of Normandy, with extensive details about the planning stage, called Operation Overlord, as well as the fighting on Utah and Omaha Beaches.

**omar bradley general at war: War as I Knew it** George Smith Patton, 1995 The personal and candid account of General Patton's celebrated, relentless crusade across western Europe during World War II First published in 1947, *War as I Knew It* is an absorbing narrative that draws from Patton's vivid memories of battle and his detailed diaries, covering the moment the Third Army exploded onto the Brittany Peninsula to the final Allied casualty report. The result is not only a grueling, human account of daily combat and heroic feats--including a riveting look at the Battle of the Bulge--but a valuable chronicle by one of the most brilliant military strategists in history. Patton's letters from earlier military campaigns in North Africa and Sicily, complemented by a powerful retrospective of his guiding philosophies, further reveal a man of uncompromising will and uncommon character, which made Georgie a household name in mid-century America.

**omar bradley general at war: Generals in the Making** Benjamin Runkle, 2019-07-26 Shakespeare famously wrote that some men are born great, some achieve greatness, and some have greatness thrust upon them. Part military history and part group biography, *Generals in the Making* tells the amazing true story of how George Marshall, Dwight Eisenhower, Douglas MacArthur, George Patton, and their peers became the greatest generation of senior commanders in military history. As the U.S. Army's triumphant homecoming from World War I was quickly forgotten amidst two decades filled with economic depression and growing isolationism, Marshall, Eisenhower, MacArthur, Patton, Omar Bradley, Lucian Truscott, Matthew Ridgway, and their brothers in arms toiled in a profession most Americans viewed with distrust. Before they became legends, these young officers served their country in posts from Washington D.C. to Panama, from West Point to war-torn China. They taught and studied together in the Army's schools, attempting to innovate in an era of shrinking budgets, obsolete equipment, and skeletal forces. Beyond these professional challenges, they endured shattering personal tragedies: the sudden deaths of children or spouses, divorce, depression, and court martial. Yet when the world faced possibly its darkest hour, as fascism and barbarism were on the march, they stood ready to lead America's young men in the fight for civilization. By the end of World War II, even German commanders expressed amazement at the dynamic change in American military leadership since the Great War. *Generals in the Making* is the first comprehensive history of America's World War II generals between the wars, an invaluable prequel to every history of that war.

**omar bradley general at war: Patton** Ladislav Farago, 2005 The Book that Inspired the Academy Award-Winning Film The best Patton biography.--Military Bookman He is America's most famous general. He represents toughness, focus, determination, and the ideal of achievement in the face of overwhelming odds. He was the most feared and respected adversary to his enemies and an object of envy, admiration, and sometimes, scorn to his professional peers. An early proponent of tank warfare, George S. Patton moved from being a foresighted lieutenant in the First World War to commanding the Third Army in the next, leading armored divisions in the Allied offensive that broke the back of Nazi Germany. Patton was an enigmatic figure. His image among his troops and much of the press achieved legendary status through his bold and colorful comments and combat leadership, yet these same qualities nearly jeopardized his career and forced him out of the battle on several occasions. Victory was impossible without Patton, and returning to the field, his army was responsible for one of the most crushing advances in the history of warfare. In Ladislav Farago's masterpiece, *Patton: Ordeal and Triumph*, the complete story of this fascinating personality is revealed. Born into an aristocratic California family, Patton rose in military rank quickly and was

tapped to lead the Allied landings in North Africa in 1942. Under Patton's direction, American troops cut their teeth against Rommel's Afrikakorps, advanced further and more quickly than British General Montgomery's army in the conquest of Sicily, and ultimately continued their exploits by punching into Germany and checking the Russian westward advance at the end of World War II. A sweeping, absorbing biography and critically hailed, *Patton: Ordeal and Triumph* provides unique insights into Patton's life and leadership style and is military history at its finest.

**omar bradley general at war: The Armed Forces Officer** Richard Moody Swain, Albert C. Pierce, 2017 In 1950, when he commissioned the first edition of *The Armed Forces Officer*, Secretary of Defense George C. Marshall told its author, S.L.A. Marshall, that American military officers, of whatever service, should share common ground ethically and morally. In this new edition, the authors methodically explore that common ground, reflecting on the basics of the Profession of Arms, and the officer's special place and distinctive obligations within that profession and especially to the Constitution.

**omar bradley general at war: Patton's Last Gamble** Duane Schultz, 2018-05-01 In March 1945, against the advice of his top subordinates, Gen. George Patton created a special task force to venture more than fifty miles behind enemy lines and liberate a POW camp near Hammelburg, Germany. The camp held some 1,500 American prisoners, including Patton's son-in-law. Hampered by ambushes and a lack of fuel and even maps, the raid was a disaster, one of the worst mistakes of Patton's legendary career. Out of some 300 men, only three dozen returned. Based on memoirs, diaries, combat reports, and interviews with survivors, *Patton's Last Gamble* vividly recounts a mission Gen. Omar Bradley later said "began as a wild goose chase and ended in tragedy."

**omar bradley general at war: Voices of D-Day** Ronald J. Drez, 1996-05-01 In 1983 the Eisenhower Center at the University of New Orleans began a project to record the recollections of as many people as possible -- civilians as well as soldiers -- who were involved in one of the most pivotal events of the century. Skillfully edited by Ronald J. Drez and first published on the fifty-year anniversary of D-Day, the award-winning *Voices of D-Day* tells the story of that momentous operation almost entirely through the words of the people who were there.

**omar bradley general at war: On Absolute War** Eric Fleury, 2019-01-15 Nearly two decades after the declaration of a 'War on Terror,' the precise relationship between warfare and terrorism remains unclear. The United States and its allies have long sought to inflict a decisive defeat upon groups such as Al Qaeda and ISIS, while regarding their individual members as malevolent criminals undeserving of combatant status. A clearer understanding of how terrorists define victory, and how their method of fighting relates to conventional military forces, is necessary in order to devise more realistic and effective strategies of counterterrorism. *On Absolute War* constructs a theoretical framework for the study of terrorism based on Carl von Clausewitz's *On War*, widely regarded as the greatest analysis of war ever written. Through a review of Clausewitz's work and a set of historical case studies ranging from the Fenian Dynamite Campaign of the 1880s to the wars in Iraq and Afghanistan, Prof. Fleury reveals just how closely terrorism mimics the logic of war. Terrorism attempts to restore war to its theoretical baseline, a condition that Clausewitz called 'absolute war' featuring relentless escalation toward a climactic result. While never achieving this ideal in practice, terrorists succeed to the extent that they compel their enemies and their prospective followers to engage mutual escalation, which will ultimately favor whichever side is better able to jettison logistical and normative limits. Consequently, states must engage terrorists on the basis of Clausewitz's two most important injunctions, namely that war is temporary and subordinate to political controls. Given the very real prospect of a war without any temporal and spatial limits, *On Absolute War* provides the theoretical basis for a strategy of limiting the effects of terrorism, rather than repeatedly trying and failing to destroy it.

**omar bradley general at war: General Mark Clark** Jon B. Mikolashek, 2013-03-22 "Mikolashek . . . has given we history readers and buffs, as well as military historians, a new introduction to a key American General of World War 2." —Jim Kane, 1 Man and His Books Although not nearly as well-known as other US Army senior commanders, Gen. Mark Clark is one of the four men—along

with Eisenhower, Patton, and Bradley—who historian Martin Blumenson called “the essential quartet of American leaders who achieved victory in Europe.” Eisenhower nicknamed him the American Eagle. A skilled staff officer, Clark rose quickly through the ranks, and by the time America entered the war, he was deputy commander of Allied forces in north Africa. Several weeks before Operation Torch, Clark landed by submarine in a daring mission to negotiate the cooperation of the Vichy French. He was subsequently named commander of United States Fifth Army and tasked with the invasion of Italy. Fifth Army and Mark Clark are virtually synonymous. From the September 1943 landing at Salerno, Clark and his army fought their way north against skilled German resistance, augmented by mountainous terrain. The daring January 1944 end-run at Anzio, although not immediately successful, set the stage for Fifth Army’s liberation of Rome on June 4, 1944, after ten months of hard fighting. Mikolashek, a history professor at the United States Army Command and General Staff College, sheds much needed historical light on one of America’s most important fighting generals in this “warts and all” biography. He also demonstrates the importance of the Italian Campaign, paying tribute to the valorous soldiers of U.S. Fifth Army and their Allied comrades.

**omar bradley general at war:** *Utah Beach* Joseph Balkoski, 2006 The attack on Utah Beach during the Normandy invasion was one of the most successful military operations ever undertaken, especially bearing in mind the complexities of such a massive air & seaborne assault. Joseph Balkoski describes the unfolding drama.

**omar bradley general at war: The Father of Us All** Victor Davis Hanson, 2010-05-03 Victor Davis Hanson has long been acclaimed as one of our leading scholars of ancient history. In recent years he has also become a trenchant voice on current affairs, bringing a historian's deep knowledge of past conflicts to bear on the crises of the present, from 9/11 to Iran. War, he writes, is an entirely human enterprise. Ideologies change, technologies develop, new strategies are invented-but human nature is constant across time and space. The dynamics of warfare in the present age still remain comprehensible to us through careful study of the past. Though many have called the War on Terror unprecedented, its contours would have been quite familiar to Themistocles of Athens or William Tecumseh Sherman. And as we face the menace of a bin Laden or a Kim Jong-Il, we can prepare ourselves with knowledge of how such challenges have been met before. The Father of Us All brings together much of Hanson's finest writing on war and society, both ancient and modern. The author has gathered a range of essays, and combined and revised them into a richly textured new work that explores such topics as how technology shapes warfare, what constitutes the American way of war, and why even those who abhor war need to study military history. War is the father and king of us all, Heraclitus wrote in ancient Greece. And as Victor Davis Hanson shows, it is no less so today.

**omar bradley general at war:** The Ardennes Hugh Marshall Cole, 1994

## Omar Bradley General At War Introduction

Omar Bradley General At War Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works.
