the knights templar and the holy grail: *The Templars and the Grail* Karen Ralls, 2003-05-01
Why do the powerful medieval Knights Templar, the famed warriors of the Crusades, still intrigue many today? A secret society long shrouded in mystery, the Templars were believed to conduct mystical rituals, to guard the Holy Grail, and to possess the priceless treasures of the Temple of Jerusalem. Did they bring their treasure to North America, as some legends say? This definitive work about the Templars and their presumed hidden knowledge addresses many such fascinating questions, with rare photos from the Rosslyn Chapel Museum (Scotland) included.

the knights templar and the holy grail: Keeper of the Grail Michael P. Spradlin, 2008 In 1191, fifteen-year-old Tristan, a youth of unknown origin raised in an English abbey, becomes a Templar Knight's squire during the Third Crusade and soon finds himself on a mission to bring the Holy Grail to safety.

the knights templar and the holy grail: The Knights of the Holy Grail Tim Wallace-Murphy, 2011-12-21 Interest in this subject has never been greater, but who were the Knights Templar? The order was founded early in the twelfth century to protect pilgrims to the Holy Land by the Rex Deus families, who claimed to trace their bloodline directly from Jesus Christ. The Knights Templar had their own agenda and rose to power despite not conforming to the beliefs of the established Church of the time. Tim Wallace-Murphy explains the heretical spiritual beliefs of the Knights Templar and the Rex Deus families and examines their role in the loss of the Holy Land. He charts their achievements in a remarkable range of endeavours, from building castles and cathedrals to laying the foundations of the modern marketplace. He also uncovers the links between the Rex Deus families and the creation and propagation of the Grail sagas and, later, the foundation of the secret society of Freemasonry.

the knights templar and the holy grail: The Debate on the Trial of the Templars (1307-1314) Dr Jochen Burgtorf, Dr Paul F Crawford, Professor Helen J Nicholson, 2013-06-28 Seven hundred years after the dissolution of the order, the trial of the Templars still arouses enormous controversy and speculation. In October 1307, all the brothers of the military-religious order of the Temple in France were arrested on the instructions of King Philip IV and charged with heresy and other crimes. In 1312, Pope Clement V, at the Council of Vienne, dissolved the order. Since the 1970s, there has been increasing scholarly interest in the trial, and a series of books and articles have widened scholars' understanding of causes of this notorious affair, its course and its aftermath. However, many gaps in knowledge and understanding remain. What were the Templars doing in the months and years before the trial? Why did the king of France attack the Order? What evidence is there for the Templars' guilt? What became of the Templars and their property after the end of the Order? This book collects together the research of both junior and senior scholars from around the world in order to establish the current state of scholarship and identify areas for new

research. Individual chapters examine various aspects of the background to the trial, the financial, political and religious context of the trial in France, the value of the Templars' testimonies, and consider the trial across the whole of Europe, from Poland and Cyprus to Ireland and Portugal. Rather than trying to close the discussion on the trial of the Templars, this book opens a new chapter in the ongoing scholarly debate.

the knights templar and the holy grail: *Guardians of the Holy Grail* Mark Amaru Pinkham, 2020-02-02 The Mysteries of the Holy Grail are finally revealed. The secret history of the Holy Grail and its connection to the Knights Templar, John the Baptist, Jesus and Mary Magdalene, is presented in detail.

the knights templar and the holy grail: The Knights Templar Stephen Howarth, 1991 The age of the Crusades encompassed the rise and fall of a singular Order of fighting men, equally devoted to God, war and the defense of Palestine. After the Crusades the Templars obeyed no one except the Pope and acquired land and castles by gift, conquest and purchase, becoming a church within the Church. They were bankers, merchants, diplomats and tax gatherers, and though they themselves were poor, the wealth of their Order was legendary. As the nation states arose the Templars were accused of heresy, treachery, sodomy, usury, blasphemy and idolatry. The author assesses the faults and fine qualities of the brotherhood, examining the reasons for its initial allure and eventual, ignominious obliteration.

the knights templar and the holy grail: The Temple and the Grail W. F. Veltman, 2021-04-28 In the popular imagination, the Holy Grail - part of the legendary romance of King Arthur - belongs to the realm of myth. The Knights Templar also have a legendary, enigmatic aspect. Despite the immense volume of historical research available, plausible explanations to the 'mystery' at the core of their practices have yet to be revealed. By studying these two themes side-by-side and showing their inner relationship, Veltman reveals valuable new perspectives. On the one hand he demonstrates that the 'poetic imagination' of the Grail mystery has its origin in concrete historical events; and on the other hand, that the true history of the Knights Templar is, essentially, esoteric. Combining historical research with insights gained from the work of Rudolf Steiner, Veltman presents an impressive survey of the subject, beginning with the pre-Christian Mysteries and ending with a vision of Michaelic Christianity. He analyses the significance of the holy city of Jerusalem, the Temple of Solomon, the Temple Legend, the Grail Temple, the Rosicrucians, the Templars' gold, and the fraught question of evil. In addition, he sketches the continuation or metamorphosis of the Grail and Temple impulses into the future, including the critical 'balancing' role of Europe between East and West. To become effective, this important European task - which, he says, is continually being thwarted - must be properly understood within the realm of human consciousness.

the knights templar and the holy grail: The Knights Templar in the New World William F. Mann, 2004-03-03 Uses the principles of sacred geometry, archaeological evidence, and Native American legend to discover the site of a secret Templar settlement in Nova Scotia • Offers evidence that Scottish prince Henry Sinclair not only sailed to the New World 100 years before Columbus, but that he also established a refuge there for the Templars fleeing persecution • Shows that the Grail, the holy bloodline connecting the House of David to the Merovingian dynasty through Jesus and Mary Magdalene, was hidden in the New World In 1398, almost 100 years before Columbus arrived in the New World, the Scottish prince Henry Sinclair, Earl of Orkney, sailed to what is today Nova Scotia, where his presence was recorded by Micmac Indian legends about Glooskap. This was the same Prince Henry Sinclair who offered refuge to the Knights Templar fleeing the persecution unleashed against the order by French king Philip the Fair at the beginning of the 14th century. With evidence from archaeological sites, indigenous legend, and sacred geometry handed down by the Templar order to the Freemasons, author William F. Mann has now rediscovered the site of the settlement established by Sinclair and his Templar followers in the New World. Here they found a safe refuge for the Grail--the holy bloodline connecting the House of David to the Merovingian Dynasty through the descendants of Jesus and Mary Magdalene--until the British exiled all the Acadians in 1755.

the knights templar and the holy grail: Secrets of the Knights Templar Susie Hodge, 2013-12-03 Secrets of the Knights Templar is the compelling chronicle of the warrior monks and their fight to defend the Catholic faith, and of their participation in the efforts to vie for control of the Holy Land with the Muslim armies of Kurdish military genius Saladin and his successors. Informally organized in 1119 to protect pilgrims on their journeys to visit the Holy Land, and officially sanctioned by the Catholic Church in 1129, the medieval Knights Templar grew into an elite fighting force that played a central role in the battles of the Crusades. They were highly trained, well equipped, and unafraid to take up the sword to defend the church at the limits of western civilization. Though Templar was initially celebrated for their military acumen and acts of bravery, the once-celebrated order was eventually dismantled in disgrace, accused of political crimes as well as crimes against the faith. With its concise, authoritative, and accessible narrative--amplified by extensive citations from contemporary sources, and accompanied by generously captioned and stunning images of the period--Secrets of the Knights Templar brings a distant era of history dramatically and vividly to life. It is the perfect gift for anyone with a love of medieval, religious, or military history. From the Hardcover edition.

the knights templar and the holy grail: *The Knights Templar Revealed* Alan Butler, Stephen Dafoe, Jon Butler, 2006 So state the authors, Alan Butler and Stephen Dafoe, in their much-acclaimed work *The Warriors and the Bankers*. But where did they come from, these mysterious white-mantled Knights of Christ, and were they simply a reflection of early twelfth-century Christian thinking? This is a question that Butler and Dafoe set out to answer - the discoveries they made will result in a dramatic reassessment of the whole period relating to the First Crusade and far beyond. The true genesis of the Knights Templar belong far back in time, long before Christianity even developed. The Templars were an offshoot of a little understood monastic brotherhood - the Cistercians, who themselves danced to the tune of an extremely powerful group of individuals inhabiting Burgundy and Flanders from the time of the Romans onwards. Butler and Dafoe offer a detailed account of the rise of a specific group identified as 'the Troyes Fraternity' that did not simply respond to the caprices of history; they made it. Behind the Knights Templar lay a pattern of belief almost as old as humanity and a heritage that was already ancient before recorded history began. The story is both fascinating and compulsive. the knights templar and the holy grail: *The Book of the Holy Grail* Joseph of Arimathea, 1999-10 First translated into English by our country's third president, this is the Bible of Gnostic Christianity, the original source for the legends of the Holy Grail, Freemasonry, even of the Mormon Church. Its text contains the most attacked and suppressed alternative gospel of the life of Jesus, and the book disputes accounts in the traditionally accepted gospels regarding what Jesus' mission on Earth really was, what Jesus taught, and how Jesus died.

the knights templar and the holy grail: *The Templar Papers* Oddvar Olsen, 2006-03-15 Delve into the myth and mystery of the Knights Templar with essays by Lynn Picknett, Robert Lomas, Stephen Dafoe, Sandy Hamblett, and other experts. Much has been written about the group of fourteenth-century warrior monks known as the Knights Templar. Some authors, such as Dan Brown in *The Da Vinci Code*, portray them as folk heroes wrongly accused. Others disagree, saying the Templar story is ultimately one of greed, deception, and idolatry. Just who were the Knights Templar? And what is their legacy? In *The Templar Papers*, author and historian Oddvar Olsen has assembled a veritable Who's Who of experts to unravel the mystery. Instead of rehashing previous scholarship, this book delves into new aspects of Templar lore, such as the origins of the order and its supposed survival after 1314. It attempts to answer the following: Were the Templars devil worshippers who venerated a mysterious head? Was the head that of John the Baptist? What exactly did they find in Solomon's Temple? Did they keep, and later hide, the Holy Grail and the Ark of the

Covenant? You'll also discover the Templar link to Mary Magdalene and the Freemasons, including answers to questions such as: Were Jesus and Mary lovers or, in fact, husband and wife? Did Mary give birth to a child after Jesus' death? Did Freemasonry originate from the Templars? The Templar Papers offers the inquisitive reader several lifetimes of research and insight. This is a distinctive and truly unique compilation that will stimulate your mind and settle the controversy.

the knights templar and the holy grail: *The Knights Templar* Rudolf Steiner, 2013-05-16 Founded in the early twelfth century, allegedly to protect pilgrims to the Holy Land, the Knights Templar became famous for their pioneer banking system, crusading zeal, and strict vows of obedience, chastity and poverty. Having grown to some 15,000 men, they came to be perceived as a threat by Philip the Fair, who in 1307 disbanded the group and tortured their leaders for confessions. The French king accused the order of heresy, sodomy and blasphemy. Recent works of fiction and popular histories have created a resurgence of interest in the mysterious Knights Templar. Numerous contradictory and fantastic claims are made about them, adding to the enigma that already surrounds the warrior monks of France. In this unique collection of lecture material and writings from Rudolf Steiner, a new perspective emerges. Based on his spiritual perceptions, Steiner speaks of the Templars' connection to the esoteric tradition of St John, their relationship with the Holy Grail, and their spiritual dedication to Christ. He describes the secret order that existed within the Templars, and the strange rituals they performed. He also throws light on the Templars' attitude to the Roman Church, and the spiritual forces that inspired their torture and confessions.

the knights templar and the holy grail: Holy Blood, Holy Grail Michael Baigent, Richard Leigh, Henry Lincoln, 2007-12-18 Is the traditional, accepted view of the life of Christ in some way incomplete? • Is it possible Christ did not die on the cross? • Is it possible Jesus was married, a father, and that his bloodline still exists? • Is it possible that parchments found in the South of France a century ago reveal one of the best-kept secrets of Christendom? • Is it possible that these parchments contain the very heart of the mystery of the Holy Grail? According to the authors of this extraordinarily provocative, meticulously researched book, not only are these things possible — they are probably true! so revolutionary, so original, so convincing, that the most faithful Christians will be moved; here is the book that has sparked worldwide controversy. Enough to seriously challenge many traditional Christian beliefs, if not alter them. — Los Angeles Times Book Review Like Chariots of the Gods?...the plot has all the elements of an international thriller. — Newsweek

the knights templar and the holy grail: The Holy Grail Justin E. Griffin, 2001-07-30 The existence of the Holy Grail has long been debated, and many of these debates focus on the intellectualized or psychological aspects of it. This work explores the events that gave rise to the legend of the Holy Grail and pays special attention to the texts that form the body of the legend, as well as historical facts about the life of Christ, the Crusades, and the fall from grace of the Knights Templar. The book examines the legitimacy of the claims made by several present-day believers and also introduces a new theory of multiple grails (and the evidence supporting this theory), which, the author believes, answers many of the otherwise unanswered questions surrounding the Holy Grail.

the knights templar and the holy grail: *Custodians Of Truth* Tim Wallace-Murphy, Marilyn Hopkins, 2005-05-15 A curious thing happened to Tim Wallace-Murphy and Marilyn Hopkins when they published *Rex Deus*, their first book on the bloodline of Christ: they were contacted by a man from the very lineage they were studying. And instead of denying the existence of the bloodline or berating them for revealing secrets, he actually confirmed that the *Rex Deus* lineage exists and even disclosed some of its fundamental secrets. The story of the *Rex Deus* families, direct descendents of Christ--who is believed to have survived the crucifixion?turns out to be much more extensive than the authors first thought. Instead of beginning during the time of Jesus, it stretches far back into antiquity, to the Egyptian Mystery Schools. Instead of being only a propagation of the holy bloodline, the *Rex Deus* families are also carriers of the secret teachings of Jesus. *Custodians of Truth* reveals the purpose and secrets of the *Rex Deus* lineage. Jesus was not only a holy man, but an adept of ancient knowledge, which informed his own teachings. This secret knowledge was suppressed by the Church in their voracious quest for power and influence in the secular world. These teachings have manifested throughout history in different forms--Gnostic philosophy around the time of Jesus, the Order of the Knights Templar, Freemasons, and the current resurgence of interest in New Age thought. Finally, the time is right for the hidden message of Jesus to be revealed--a message of tolerance, brotherhood, and respect for nature. The next chapter in the legend of the Holy Grail and the bloodline of Christ--from the best-selling authors of *Roslyn*.

the knights templar and the holy grail: *Grail Knights of North America* Michael Anderson Bradley, 1998 A decade ago, Michael Bradley published the Canadian bestseller, *Holy Grail Across the Atlantic* (Hounslow Press, 1988), presenting the astounding evidence that a European settlement in Canada had been established in Nova Scotia ninety-four years before Columbus and ninety-nine years before John Cabot. Incredibly, mediaeval documents and maps showed that this settlement had been founded by refugee Knights Templar from Scotland - knights who had been created for the sole purpose of guarding the Holy Grail. Bradley presented evidence that these Grail-believing religious refugees and their knightly protectors had been instrumental in discovering, settling, and influencing the development of New France and, later, the fledgling American Republic. The book was automatically ridiculed by conventional North American historians, while at the same time serving as the model for European works (e.g. *The Sword and the Grail* by Britain's Andrew Sinclair). Michael Bradley's investigation stimulated some serious professional and academic researchers to join his quest to find further evidence of the Knights Templar in Canada and the United States. Now, in 1998, comes the publication of the long-awaited sequel to *Holy Grail Across the Atlantic* - *Grail Knights of North America*. Realizing from mediaeval documents that the initial Nova Scotia refuge of AD 1398 must have harboured many Grail believers, and that the secret colony must have expanded, Bradley began to trace evidence of Grail Knights from Nova Scotia, through New Brunswick to the St. Lawrence River, and on to the Great Lakes as far as Niagara, New York State, and central Pennsylvania. Evidence of their presence has been uncovered on both the Canadian and American sides of this great waterway. Bradley poses compelling questions about his discoveries, and offers plausible and provocative answers as we travel with him and his companions (both academic and amateur) along the trail of the Grail Knights of North America.

the knights templar and the holy grail: *The Templar Code For Dummies* Christopher Hodapp, Alice Von Kannon, 2011-02-14 A captivating look into the society of the Knights Templar Brought to you by the author of *Freemasons For Dummies*, *The Templar Code* is more than an intriguing cipher or a mysterious symbol - it is the Code by which the Knights Templar lived and died, the Code that bound them together in secrecy, and the Code that inspired them to nearly superhuman feats of courage and endurance. *The Templar Code for Dummies* reveals the meaning behind the cryptic codes and secret rituals of the medieval brotherhood of warrior monks known as the Knights Templar. This intriguing guide will cover such topics as who the Knights Templar were,

how they rose so high and fell so far, and most importantly why there is so much interest in them today. The Templar Code For Dummies will explore myths and theories of Christian history that appear in the Da Vinci Code such as the quest for the Holy Grail, the Catholic Church's relationship with women that are hotly debated now with special emphasis on the Templar connection. It also explores the surprising part the Templars have played in some of the most important historic events of these past seven centuries, including the French Revolution, the birth of groups such as the Freemasons, and even the American Civil War.

the knights templar and the holy grail: The Knights Templar Sean Martin, 2011-10-19 The Knights Templar were the most powerful military religious order of the Middle Ages. Formed to protect pilgrims in the Holy Land, they participated in the Crusades and rapidly gained wealth, lands and influence and were answerable to none save the Pope himself first bankers, and invented the modern banking system that is still in use today, and were also involved in exploration and engineering.

the knights templar and the holy grail: The Legend of the Grail Nigel Bryant, 2004 Nigel Bryant presents the Grail story, constructed from the principal motifs and narrative strands of all the original Grail romances.

the knights templar and the holy grail: The New Knighthood Malcolm Barber, 2012-03-26 The Order of the Temple was founded in 1119 with the limited aim of protecting pilgrims around Jerusalem. It developed into one of the most powerful corporations in the medieval world which lasted for nearly two centuries until its suppression in 1312. Despite the loss of its central archive in the sixteenth century, the Order left many records of its existence as the spearhead of crusading activity in Palestine and Syria, as the administrator of a great network of preceptories and lands in the Latin west, and as a banker and ship-owner. Because of the dramatic nature of its abolition, it has retained its grip on the imagination and consequently there has developed an entirely fictional 'after-history' in which its secret presence has been evoked to explain mysteries which range from masonic conspiracy to the survival of the Turin Shroud. This book offers a concise and up-to-date introduction to the reality and the myth of this extraordinary institution.

the knights templar and the holy grail: The Grail Chronicles E C Coleman, 2011-08-26 This is the story of a plain silver chalice from the first century AD that now rests in the heart of England. From its momentous beginnings as the cup used by Christ at the Last Supper, and as the vessel used to catch His blood at the Crucifixion, to its unrecognised discovery in the late nineteenth century, the chalice has passed through the hands of saints, crusaders, kings, queens, Templar knights and 'Guardians'. This account revisits the beginnings of the Knights Templar and their rise to incredible wealth and power; it introduces a completely new version of the origins of the Arthurian legends; and it disputes the supposed loss of the Crown Jewels in the Wash and the cause of King John's subsequent death. It re-examines the murder of Thomas Becket and resurrects the forgotten story of a knight who went from disregarded son and child hostage to Regent of England and Guardian of the Grail. The story reveals the reason behind one of England's greatest church mysteries: an early thirteenth-century clue that has taken over 700 years to be deciphered. Most importantly of all, however, it establishes where the Holy Grail is now.

the knights templar and the holy grail: The Templars Dan Jones, 2018-09-18 An instant New York Times bestseller, from the author of Crusaders, that finally tells the real story of the Knights Templar—"Seldom does one find serious scholarship so easy to read." (The Times, Book of the Year) A faltering war in the middle east. A band of elite warriors determined to fight to the death to protect Christianity's holiest sites. A global financial network unaccountable to any government. A sinister plot founded on a web of lies... In 1119, a small band of knights seeking a purpose in the violent aftermath of the First Crusade set up a new religious order in Jerusalem, which was now in Christian hands. These were the first Knights Templar, elite warriors who swore vows of poverty and chastity and promised to protect Christian pilgrims to the Holy Land. Over the next 200 years, the

Templars would become the most powerful network of the medieval world, spearheading the crusades, pioneering new forms of finance and warfare and deciding the fate of kings. Then, on October 13, 1307, hundreds of brothers were arrested, imprisoned and tortured and the order was disbanded among lurid accusations of sexual misconduct and heresy. But were they heretics or victims of a ruthlessly repressive state? Dan Jones goes back to the sources to bring their dramatic tale, so relevant to our own times, to life in a book that is at once authoritative and compulsively readable.

the knights templar and the holy grail: Trail of Fate Michael Spradlin, 2010-10-14 As a templar, young Tristan is entrusted to protect the Holy Grail. But it is the Grail that protects him as he escapes the Holy Land—and the evil Templar Sir Hugh—and washes up, alone, on a foreign shore. Before long, Tristan's adventures put him in danger, caught in the fighting between a heretical band of Cathars and the king of France, and still on the run from Sir Hugh. Tristan's only chance to save the Grail is to make his way to England. But when he falls for Celia, the beautiful leader of the Cathars, his loyalty to the Grail wavers. And when Celia becomes endangered, Tristan is torn, forced to make a choice—and the wrong one could have disastrous consequences.

the knights templar and the holy grail: The Knights Templar of the Middle East Hrh Prince Michael of Albany, Michael James Alexander Stewart, Walid Amine Salhab, 2006-11-01 For the first time ever, a source from within reveals the shocking truth that the roots of the Knights Templar, and thus those of Freemasonry, were actually more deeply linked to Islam than to Christianity. The Knights Templar of the Middle East breaks new ground in this well-tilled sphere and is guaranteed to stir more fires of controversy than any other book to date on Freemasonry and Templars. Prince Michael writes with sterling scholarship, making full use of his access to libraries of the secret orders of which he is a member. The book delves deep to examine the true roots of this worldwide society, revealing both historical events from Europe to the Middle East and the author's own deeply personal, perilous journey to research and expose this hidden history. Going against the accepted history of the Freemason society as evolved from a remnant of Knights Templar who settled in Scotland, The Knights Templar of the Middle East takes readers much farther back to the true historical biblical land, based in Western Arabia rather than Palestine. The true secret of the Inner Circle of the Order of the Templars was such that, had they revealed it, the knowledge would have rocked the cradle of Christian and Judaic beliefs.

the knights templar and the holy grail: The Templar Revelation Lynn Picknett, Clive Prince, 2004-09-21 The most closely guarded secret of the western world is about to be revealed—and you will never see Christianity in the same light again. In a remarkable achievement of historical detective work that is destined to become a classic, authors Lynn Picknett and Clive Prince delve into the mysterious world of the Freemasons, the Cathars, the Knights Templar, and the occult to discover the truth behind an underground religion with roots in the first century that survives even today. Chronicling their fascinating quest for truth through time and space, the authors reveal an astonishing new view of the real motives and character of the founder of Christianity, as well as the actual historical—and revelatory—roles of John the Baptist and Mary Magdalene. Painstakingly researched and thoroughly documented, The Templar Revelation presents a secret history, preserved through the centuries but encoded in works of art and even in the great Gothic cathedrals of Europe, whose final chapter could shatter the foundation of the Christian Church.

the knights templar and the holy grail: The Secret History of the Knights Templar Susie Hodge, 2009-09 The book looks at the speculations, myths and mysteries of these legendary knights. It looks at controversial claims and conspiracies surrounding the Knights Templar and the likely truths behind them - such as whether they had guardianship or special knowledge of the Holy Grail. It also shows the historical legacy of the Templars today.

the knights templar and the holy grail: The Grail Legend Emma Jung, Marie-Luise von

Franz, 1998 Writing in a clear and readable style, two leading women of the Jungian school of psychology present this legend as a living myth that is profoundly relevant to modern life. 17 illustrations.

the knights templar and the holy grail: *Treasure Templari* David S. Brody, 2019-09-12
Historians Cameron Thorne and Amanda Spencer-Gunn uncover a stolen painting which the Nazis believed was a secret map to the Holy Grail and the lost treasure of the Knights Templar. Hitler planned to weaponize the Holy Grail and monetize the treasure as part of his campaign of world dominance. Cam and Amanda just want to find the legendary artifacts. The Nazis failed because they were unable to decipher the secret Templar clues left in the painting. Cam and Amanda may fail-perhaps fatally-because a group of modern-day Nazis remain obsessed with finishing Hitler's work. A thriller based on actual artwork, artifacts and events. Illustrated. Not recommended for readers with strong religious beliefs. This stand-alone novel merges together two series. It is Book #9 in the TEMPLARS IN AMERICA series and also Book #4 in the BOSTON LAW series.
