the testaments of the twelve patriarchs: THE TESTAMENTS OF THE TWELVE PATRIARCHS - the biographies of 12 giants of the ancient world Anon E. Mouse, 2019-01-27
Herein are twelve biographies of the Patriarchs written between 107 B.C. and 137 B.C. They are a forceful exposition, showing how a Pharisee with a rare gift of writing secured the biographies of the 12 greatest men of ancient times. There were intellectual giants in those days and the Twelve Patriarchs were the Intellectual Giants! Each tells his life story and when he is on his deathbed he calls all his children and grandchildren and great-grandchildren about him, and proceeds without reservation to lay bare his experiences for the moral guidance of his hearers. If he fell into sin he tells all about it and then counsels them not to err as he did. If he was virtuous, he shows what rewards were his. When you look beyond the unvarnished--almost brutally frank--passages of the text, you will discern a remarkable attestation of the expectations of the Messiah which existed a hundred years before Christ. And there is another element of rare value in this strange series. As Dr. R. H. Charles says in his scholarly work on the Pseudepigrapha: its ethical teaching has achieved a real immortality by influencing the thought and diction of the writers of the New Testament, and even those of our Lord. This ethical teaching, which is very much higher and purer than that of the Old Testament, is yet its true spiritual child and helps to bridge the chasm that divides the ethics of the Old and New Testaments.

An excerpt from the INTRODUCTION - General Character of the Book: The book purports to give the last words, at the approach of death, of each of the twelve patriarchs to his sons. It is evident that the general idea of the book is based upon Jacob's last words to his sons as recorded in Gen. xlix. 1-27. Just as Jacob portrays the character of his sons and declares to them what shall befall them, so in our book each of the patriarchs is represented as describing, in some sense, his own character and as foretelling what shall come to pass among his posterity in the last times. From this latter point of view the book partakes of the character of a prophetic-apocalyptic work. In six of the testaments, those of Reuben, Simeon, Judah, Dan, Naphtali and Joseph, there is a certain correspondence between our book and Gen. xlix. regarding the characters of the patriarchs; as for the remaining six patriarchs no such correspondence exists. Speaking generally, though there are considerable modifications of this in some of the testaments, each testament contains the three following component parts: (a) An autobiographical sketch in which the patriarch's special vice or virtue is described. In some cases the biblical story forms the basis for this; in others the Bible is not followed. But in each case the autobiographical details are enlarged by many haggadic embellishments. (b) A warning to avoid the special sin, or an exhortation to cultivate the special virtue, which each patriarch has declared to be specially characteristic of him. (c) A prophecy concerning the patriarch's posterity in the last times; in nearly each case the patriarchs foretell a falling-away of their descendants which will result in misfortune coming upon them; this takes the form, as a rule, of captivity among the Gentiles. In some of the testaments sections of special content are introduced which have nothing at all to do with the three main topics just enumerated. These sections have an interest of their own; but it may well be doubted whether they formed part of the original work. They are as follows: The seven spirits of deceit (Reuben ii. i-iii.

8).The vision of the heavens (Levi ii. i-v. 7). The vision of the seven men in white raiment (Levi viii. 1-18).A Messianic hymn (Levi xviii. 2-14).The spirits that wait upon man (Judah xx. 1-5).The constitution of man (Naphthali ii. 1-10).The vision on the mount of Ohves (Naphthali v. 1-8).The vision of the wrecked ship (Naphthah vi. 1-9).The two ways (Asher i. 3-vi. 6).Joseph's vision (Joseph xix. 1-12).The good inclination (Benjamin vi. 1-7).The sword of Behar (Benjamin vii. 1-5).These offer much that is of great interest, and should be specially studied. The original language of the book was, in all probability, Hebrew (rather than Aramaic); but the earliest form at present known to be in existence is a Greek translation of this.

the testaments of the twelve patriarchs: The Testaments of the Twelve Patriarchs R. H. Charles, 2017-12-26 The Testaments of the Twelve Patriarchs The Testaments of the Twelve Patriarchs is a constituent of the apocryphal scriptures connected with the Bible. It is a pseudepigraphical work comprising the dying commands of the twelve sons of Jacob. It is part of the Oskan Armenian Orthodox Bible of 1666. Fragments of similar writings were found at Qumran, but opinions are divided as to whether these are the same texts. It is considered apocalyptic literature. The Testaments were written in Hebrew or Greek, and reached their final form in the 2nd century CE. In the 13th century they were introduced into the West through the agency of Robert Grosseteste, Bishop of Lincoln, whose Latin translation of the work immediately became popular. He believed that it was a genuine work of the twelve sons of Jacob, and that the Christian interpolations were a genuine product of Jewish prophecy; he accused Jews of concealing the Testaments on account of the prophecies of the Saviour contained in them.

the testaments of the twelve patriarchs: The Testaments of the Twelve Patriarchs (Classic Reprint) Robert Henry Charles, 2017-09-16 Excerpt from The Testaments of the Twelve Patriarchs The object of this series of translations is primarily to furnish students with short, cheap, and handy text-books, which, it is hoped, will facilitate the study of the particular texts in class under competent teachers. But it is also hoped that the volumes will be acceptable to the general reader who may be interested in the subjects with which they deal. It has been thought advisable, as a general rule, to restrict the notes and comments to a small compass; more especially as, in most cases, excellent works of a more elaborate character are available. Indeed, it is much to be desired that these translations may have the effect of inducing readers to study the larger works. Our principal aim, in a word, is to make some difficult texts, important for the study of Christian origins, more generally accessible in faithful and scholarly translations. In most cases these texts are not available in a cheap and handy form. In one or two cases texts have been included of books which are available in the official Apocrypha; but in every such case reasons exist for putting forth these texts in a new translation, with an Introduction, in this Series. the testaments of the twelve patriarchs: Jewish Eschatology, Early Christian Christology, and the Testaments of the Twelve Patriarchs Marinus de Jonge, 1991 This volume, which appears on the occasion of Marinus de Jonge's retirement as Professor of New Testament at Leiden University, brings together twenty essays which he wrote recently for various periodicals and collective works. A number of articles deal with the expectation of the future in Jewish sources, like Ps. Sol., the Qumran Scrolls and Josephus. Closely connected with these are some essays on the question of how such titles as 'Christ', and 'Son of David' came to be applied to Jesus. Eleven essays delve into various important aspects of the Testaments of the Twelve Patriarchs: eschatology, ethics, paraenesis, but also their use of Jewish source material and their view of the history of God's dealing with man, a view related to that held by Justin and Hippolytus. This book throws light on the Jewish origins of early Christian theology and on its relationship with the Hellenistic culture in which it developed. The book also includes Marinus de Jonge's bibliography.

the testaments of the twelve patriarchs: Testaments of the Twelve Patriarchs Collection Scriptural Research Institute, 2020-01-05 During the crusades, Latin translations of the Testaments of the Twelve Patriarchs began to circulate in Western Europe, which were considered to be authentic testaments written by the children of Jacob until the Protestant reformation. During the Protestant reformation the Testaments of the Twelve Patriarchs were generally been discredited as Christian era forgeries, and stopped being used by Catholics and Protestants. The Testaments of the Twelve Patriarchs continued to be viewed as authentic in orthodox countries, and were integrated into the Oskan Armenian Orthodox Bible in 1666. Scholarly analysis of the testaments in the 1800s led to the conclusion that the testaments began as Pharisee texts, written in Hebrew, sometime the before 200 AD, when they were expanded by the Christian monks on Mount Athos. Since the discovery of fragments of four of the testaments among the Dead Sea Scrolls, the Pharisee view has been generally discredited. The oldest fragments discovered so far date to between 135 and 37 BC, and are written in Aramaic, which make it unlikely that they were written by a Pharisee. Additionally, the contents of the testaments are no longer viewed as being consistent with the Pharisee's theology, as they include a number of references to Greek gods, making the testaments more likely to be a Sadducee text, or from another Jewish sect. A number of references within the testaments point to an origin in the Seleucid Empire. The testaments repeatedly reference the Book of Enoch, or the Watchers from the Book of Enoch, as well as the Book of Job, and Satan as an individual instead of a descriptive term, which is consistent with the Book of Job, the likely source is the Tobian Jews (Τουβιανούς Ιουδαίους) mentioned in 2nd Maccabees, that lived in Seleucid controlled regions. It is unclear where the Tobian Jews lived, however, according to Eusebius, writing circa 300 AD, in local lore Job lived in the Arabian town of Karnaia. The location of Karnaia is unknown today, however is believed to have once been in what is modern southern Syria, and would have been in the Seleucid Empire when the testaments were likely written. The original work appears to be an anti-Levitical text, which dismissed the Levitical priesthood, and pointed to an alternative priesthood, which is consistent with the division between the priesthood of Ezra and Tobiah referred to in the Septuagint's 1st Ezra.

the testaments of the twelve patriarchs: Testament of Dan Scriptural Research Institute, 2020-01-06 The Testament of Dan, like the other Testaments of the Twelve Patriarchs, is considered to be a Jewish work that was added to by Christians in the Christian era. It is unclear when it comes from, however, fragments of the Testaments of Joseph and Levi have been found among the Dead Sea Scrolls in Aramaic, dating to between 135 and 37 BC, implying the rest of the Twelve were compiled at the same time. As the Testament of Dan includes a reference to Satan as a being, the text was neither a Sadducee or Pharisee text. Satan was also a being in the Book of Job, which is generally considered to be either a Babylonian or Persian era text, the Testament of Dan may also date to this time, and by extension the rest of the Testaments of the Twelve Patriarchs. In the early Christian era, many Testaments of the Patriarchs circulated in Jewish and Christian communities, the foremost being the Testaments of Abraham, Isaac, and Jacob. The other major testaments were grouped together as the Testaments of the Twelve Patriarchs, which included the Testaments of Reuben, Simeon, Levi, Judah, Issachar, Zebulun, Dan, Naphtali, Gad, Asher, Joseph, and Benjamin. These testaments were widely accepted by the early Christian churches, and continue to form part of the Armenian Bible. The books were popular in Western Europe during the Middle Ages when they were generally considered authentic ancient Jewish texts. Critical analysis in the 16th century changed the view of Protestants and Catholics, as scholars at the time came to the belief that the texts were written in the early Christian era, likely in Greek. Subsequently, the texts fell out of favor in most parts of Europe. However, Hebrew fragments of the Testaments of the Patriarchs were discovered in the 20th century among the Dead Sea Scrolls, proving the texts were originally written in Aramaic and Hebrew. The current academic view is that there was a simpler Hebrew Jewish version that was then updated in the early Christian era by Greek speakers that added the Christian prophecies.

the testaments of the twelve patriarchs: Testament of Judah Scriptural Research Institute, 2020-01-01 The Testament of Judah, like the other Testaments of the Twelve Patriarchs, is considered to be a Jewish work that was added to by Christians in the Christian era. It is unclear when it comes from, however, fragments of the Testaments of Judah and Naphtali have been found among the Dead Sea Scrolls in Hebrew, dating to between 37 BC and 44 AD. Given the number of references to primordial gods, it is unlikely to be the work of a Pharisee, and was likely translated into Hebrew from Aramaic or Greek. As it has some of the same anti-Levitical content as the Testament of Levi, it was likely a text written by the Tobian Jews mentioned in 2nd Maccabees, that lived in Seleucid controlled regions.

the testaments of the twelve patriarchs: Ancient Testaments of the Patriarchs Ken Johnson, 2017-11-03 Autobiographies from the Dead Sea Scrolls The Talmud teaches that the ancient patriarchs were all prophets, and that each one of them left testaments for their descendants to read. These contain commands for their children, moral lessons, and prophecy. This legend is not only repeated among the Essene community, but fragments of twenty such records have been found in the Dead Sea scrolls! In this book you will read for yourself the testaments of Enos (Adam's grandson), Enoch, Lamech (Noah's father), Noah, Abraham, Jacob, Levi, Judah, Naphtali, Joseph, Benjamin, Kohath (son of Levi, and father of Amram), Amram (father of Moses, Aaron, and Miriam), and Aaron. the testaments of the twelve patriarchs: Fathers Timothy J. Sakach, 2010-05 The ancient Testaments of the Twelve Patriarchs is the death bed talks between the sons of Jacob and their children. Here is found answers to the stories told in the Bible about which there has been much unnecessary speculation. What was the real sin of Onan? Why was Joseph sold? Which brothers wanted to kill Joseph and why? This text was translated by R. H. Charles about 100 years ago. The translation contained words that are now obsolete, awkward sentence structure, and dialogue in King James English. This made the book a difficult read for today's readers. Timothy Sakach, Theologian, speaker, editor, writer and publisher revitalized the copy making the stories and instructions come alive. Each testament follows a pattern that appears to have been started by Enoch. Gather the sons. Confess the mistakes and troubles this caused. Instruct in righteousness and faith. Warnings about the end time troubles that will come on their offspring. Exhortation to remain faithful to EL and Yahua (the God of Abraham and Isaac.) And instructions for burial. All of the testaments were delivered while Jacob's family was in Egypt.

the testaments of the twelve patriarchs: Pseudepigrapha of the Old Testament as Part of Christian Literature Marinus de Jonge, 2021-08-04 The primary witnesses of the writings called Pseudepigrapha of the Old Testament are, in great majority, of Christian provenance. It has been customary for scholars to look for an originally Jewish form of the documents, reflecting Jewish life and thought in the period between 200 BCE and 100 CE. In this volume, M. de Jonge argues that these writings should, first of all, be studied as documents relevant for Christians. This volume incorporates essays written earlier by the author as well as a number of new chapters. The first part

deals with general questions concerning the transmission of the pseudepigrapha of the Old Testament whereas the second part has a particular focus on the Testaments of the Twelve Patriarchs and the Greek Life of Adam and Eve.

the testaments of the twelve patriarchs: The Ladder of Jacob James L. Kugel, 2009-03-09 Rife with incest, adultery, rape, and murder, the biblical story of Jacob and his children must have troubled ancient readers. By any standard, this was a family with problems. Jacob's oldest son Reuben is said to have slept with his father's concubine Bilhah. The next two sons, Simeon and Levi, tricked the men of a nearby city into undergoing circumcision, and then murdered all of them as revenge for the rape of their sister. Judah, the fourth son, had sexual relations with his own daughter-in-law. Meanwhile, jealous of their younger sibling Joseph, the brothers conspired to kill him; they later relented and merely sold him into slavery. These stories presented a particular challenge for ancient biblical interpreters. After all, Jacob's sons were the founders of the nation of Israel and ought to have been models of virtue. In *The Ladder of Jacob*, renowned biblical scholar James Kugel retraces the steps of ancient biblical interpreters as they struggled with such problems. Kugel reveals how they often fixed on a little detail in the Bible's wording to deduce something not openly stated in the narrative. They concluded that Simeon and Levi were justified in killing all the men in a town to avenge the rape of their sister, and that Judah, who slept with his daughter-in-law, was the unfortunate victim of alcoholism. These are among the earliest examples of ancient biblical interpretation (midrash). They are found in retellings of biblical stories that appeared in the closing centuries BCE--in the Book of Jubilees, the Aramaic Levi Document, the Testaments of the Twelve Patriarchs, and other noncanonical works. Through careful analysis of these retellings, Kugel is able to reconstruct how ancient interpreters worked. *The Ladder of Jacob* is an artful, compelling account of the very beginnings of biblical interpretation.

the testaments of the twelve patriarchs: The Canon of Scripture F. F. Bruce, 2018-12-18 How did the books of the Bible come to be recognized as Holy Scripture? After nearly nineteen centuries the canon of Scripture remains an issue of debate. Adept in both Old and New Testament studies, F. F. Bruce brings the wisdom of a lifetime of reflection and biblical interpretation to bear in addressing the criteria of canonicity, the canon within the canon, and canonical criticism.

the testaments of the twelve patriarchs: The Lost Apocrypha of the Old Testament

Montague Rhodes James, 1920

the testaments of the twelve patriarchs: Outside the Old Testament Marinus de Jonge, 1985 The writings collected in this volume belong to the Pseudepigrapha, a term used to describe material connected to official Biblical books, personalities, or themes, but not included in the Hebrew or Greek Old Testament canon on which the modern Bible is based. Twelve works concerning prominent Old Testament figures are featured.

the testaments of the twelve patriarchs: Testament of Levi Scriptural Research Institute, 2020-01-01 The Testament of Levi, like the other Testaments of the Twelve Patriarchs, is considered to be a Jewish work that was added to by Christians in the Christian era. It is unclear when it comes from, however, fragments of the Testaments of Joseph and Levi have been found among the Dead Sea Scrolls in Aramaic, dating to between 135 and 37 BC, implying the rest of the Twelve were compiled at the same time. The Testament of Levi also refers to the Book of Enoch, an Aramaic Second Temple era work that was not included in the Septuagint, which implies it was written around the same time as the Books of Daniel and Enoch, which would date it to anywhere between 300 and 100 BC. The surviving copies of the Testament of Levi contain multiple layers of prophecy that was once accepted as being authentic pre-Christian predictions of the coming of Jesus Christ. This view shifted in Western Europe during the Protestant reformation, and the text was assumed to be a Christian era work, and generally dismissed as a forgery. This view shifted by the 1900s, as an Semitic layer of text was found within it that indicated it was originally a pre-Christian work that was later Christianized, and it was then assumed to be a Pharisee work that the Christians had added all the prophecies to. Since the discovery of fragments of the testament have been found among the Dead Sea Scrolls, dating to between 135 and 37 BC, and written in Aramaic, the Pharisee theory has been discredited. The Dead Sea Scrolls fragments have also shown that some of the prophecies were present in the Aramaic texts by 37 BC, meaning that the Christians had simply added to the prophecies to indicate they were about Jesus. The original work appears to be an anti-Levitical text, which dismissed the Levitical priesthood, and pointed to an alternative priesthood. As this was not a Samaritan text, it was likely a text written by the Tobian Jews mentioned in 2nd Maccabees, that lived in Seleucid controlled regions.

This study on the representations of Paradise in the Hebrew Bible (Genesis 2-3 and Ezekiel 28) also deals with the reception of the biblical accounts in early Jewish writings (Enochic texts, the Book of Jubilees, Qumran texts) in Rabbinics and Kabbalah, early mainstream Christianity and in early Christian apocryphal and Gnostic literature. Two further chapters are devoted to views of Paradise in the Christian Middle Ages. The volume concludes with the interpretation of Paradise in John Milton's epic poem Paradise Lost,
