**becoming a successful real estate agent:** *Grit* Angela Duckworth, 2016-05-03 In this instant New York Times bestseller, Angela Duckworth shows anyone striving to succeed that the secret to outstanding achievement is not talent, but a special blend of passion and persistence she calls "grit."

"Inspiration for non-geniuses everywhere" (People). The daughter of a scientist who frequently noted her lack of "genius," Angela Duckworth is now a celebrated researcher and professor. It was her early eye-opening stints in teaching, business consulting, and neuroscience that led to her hypothesis about what really drives success: not genius, but a unique combination of passion and long-term perseverance. In *Grit*, she takes us into the field to visit cadets struggling through their first days at West Point, teachers working in some of the toughest schools, and young finalists in the National Spelling Bee. She also mines fascinating insights from history and shows what can be gleaned from modern experiments in peak performance. Finally, she shares what she's learned from interviewing dozens of high achievers—from JP Morgan CEO Jamie Dimon to New Yorker cartoon editor Bob Mankoff to Seattle Seahawks Coach Pete Carroll. "Duckworth's ideas about the cultivation of tenacity have clearly changed some lives for the better" (The New York Times Book Review). Among *Grit*'s most valuable insights: any effort you make ultimately counts twice toward your goal; grit can be learned, regardless of IQ or circumstances; when it comes to child-rearing, neither a warm embrace nor high standards will work by themselves; how to trigger lifelong interest; the magic of the Hard Thing Rule; and so much more. Winningly personal, insightful, and even life-changing, *Grit* is a book about what goes through your head when you fall down, and how that—not talent or luck—makes all the difference. This is "a fascinating tour of the psychological research on success" (The Wall Street Journal).

**becoming a successful real estate agent: *The HyperLocal, HyperFast Real Estate Agent*** Daniel Lesniak, 2017-02-23 #1 Best-Seller on Amazon! According to recent surveys the average real estate agent makes less than \$10,000 a year and close to 90% of new agents will not last more than

two years in the business. Fewer than 10% of agents will make over \$100,000 and the majority that do have been in the business for decades. The average real estate agent sells 12 homes a year and for agents that are just starting out that number is less than four. In 2012 Dan Lesniak used a unique strategy to upend the industry trends. In his first year in real estate Dan had over 36 transactions totaling over \$22 million in sold volume, making him one of the most successful rookie real estate agents ever on his way to taking over one of the most competitive market areas in the country, that had previously been dominated by agents with over 10 years experience. In The HyperLocal, Hyper Fast Real Estate Agent, Dan tells how he used the Segmentation, Targeting and Positioning (STP) framework to identify potential markets, choose which ones to go after and how to add massive value to the consumers in that market. This book will teach you how to use the STP framework to enter new markets or increase market share in your existing markets by adding more value to your potential clients and communicating your value proposition to the market. Whether you are a new agent getting started or a veteran agent looking for more growth this book will show you how to do it using examples of how Dan did it in the hyper competitive Arlington, VA (Greater Washington DC) market. What Other Industry Leaders Have Said About the Book I have been coaching realtors for 22 years. Dan is the best business man who sells real estate that I've ever seen. He has great systems, structures, and processes. That is what separates him from the rest! -Rick Ruby - Core Head Coach One of my favorite sayings is follow the yellow brick road. In this book, Dan clearly lays out the path to the Emerald City, avoiding all the dangers of creating your own way. In Dan's first year, he closed over \$22 million in sales, a feat matched by only the tiniest fraction of real estate agents-regardless of experience. If you are looking for a step-by-step plan from someone who has done it, this is the book for you! -Pam O'Bryant, Chief Engagement Officer for Keller Williams Capital Properties, Contributor to Gary Keller's The Millionaire Real Estate Agent book There is no greater opportunity right now in the real estate industry than there is in the expansion market. This will require you to grow in your existing market and know how to expand in new ones. This book is a great example of how to rapidly expand in any market and is a must read for expansion team leaders. -Noah Ostroff, Chief Executive Officer of Global Living and Top Selling Keller Williams Agent Dan Lesniak is the real deal. He runs the most profitable real estate team I know of, hands down. If you want to compress time to achieve your goals, listen to this guy and take action now! -Jeff Latham, President of Latham Realty Unlimited with 275 homes sold annually Dan and I first met when he was just getting started in the business, and I have been blown away at how he was able to grow his brand so rapidly in a very competitive market. Dan's creative approach and tenacity has served him well, and he is a great example of how to commit and succeed as a young real estate agent. -Thad Wise, Senior Vice President with First Savings Mortgage Corporation and \$100 Million Loan Officer Dan Lesniak is by far one of the brightest and highest-skilled real estate agents I have had the pleasure of working with; his strategies for his clients are brilliant! **becoming a successful real estate agent:** *Finance and the Good Society* Robert J. Shiller, 2013-04-21 Nobel Prize-winning economist explains why we need to reclaim finance for the common good The reputation of the financial industry could hardly be worse than it is today in the painful aftermath of the 2008 financial crisis. New York Times best-selling economist Robert Shiller is no apologist for the sins of finance—he is probably the only person to have predicted both the stock market bubble of 2000 and the real estate bubble that led up to the subprime mortgage meltdown. But in this important and timely book, Shiller argues that, rather than condemning finance, we need to reclaim it for the common good. He makes a powerful case for recognizing that finance, far from being a parasite on society, is one of the most powerful tools we have for solving our common problems and increasing the general well-being. We need more financial innovation—not less—and finance should play a larger role in helping society achieve its goals. Challenging the public and its leaders to rethink finance and its role in society, Shiller argues that finance should be defined not merely as the manipulation of money or the management of risk but as the stewardship of society's assets. He explains how people in financial careers—from CEO, investment manager, and banker to insurer, lawyer, and regulator—can and do manage, protect, and increase these assets. He describes how finance has historically contributed to the good of society through inventions such as insurance, mortgages, savings accounts, and pensions, and argues that we need to envision new ways to rechannel financial creativity to benefit society as a whole. Ultimately, Shiller shows how society can once again harness the power of finance for the greater good.

**becoming a successful real estate agent: Million Dollar Agents** Phil Hollander, Dan Lok, 2021-08-23 How Top Real Estate Agents Really Create HIGH INCOME, WEALTH, AND INDEPENDENCE A rare and insightful view into how highly successful Real Estate Professionals create a balanced and prosperous lifestyle out of what can be a chaotic and highly unpredictable business. Written in a refreshing interview format that brings to life the unique systems and strategies of Agents that have truly made it in the Real Estate Industry. Jillian Dobson Broker RE/MAX Realtron Realty Inc., Brokerage THIS BOOK IS the result of over fifteen years of travelling throughout both Canada and the United States and meeting, speaking and working with literally thousands of real estate agents. After working with some of the top agents in North America, there is a clear and definitive common thread that defines them. If you really take a close look at what we

would refer to as the top 10% of realtors who are successful and prosperous, while there are differences, there are many profound similarities: In how they structure their business, Their strategies, Their overall mindset and how they approach what they do. This stands in stark contrast to the vast majority of agents who are struggling or just getting by barely making a living. We have often said that we have never met the five year old that decided they want to be a realtor when they grow up. Most come to real estate as a second or third profession and usually from vastly different backgrounds. Most agents start off in the same place with lots of unanticipated startup expenses and little or no business at the beginning. The ones who actually build a prosperous and successful real estate career with consistent income and a great lifestyle for their families have done so by discovering a few simple truths about the real estate business. Simple truths like how to manage themselves and their relationships. They have done so in such a way as to navigate the journey from being a transactional agent perpetuating the feast-to-famine cycle, always being at the whim of the economy and competing with every other agent in their market, to creating a systems-based business and taking back control over their business and their lives. Ultimately, this book is about the journey from being a transactional agent to becoming a prosperous systems-based one where it is all about the lifestyle. What these agents interviewed in this book have done is make the real estate business work for them rather than the majority of agents who can be at the whim of what can be a wildly unpredictable and tumultuous business. In writing this book, we interviewed a broad cross section of the most successful agents and allowed them to tell their story with the ultimate goal of uncovering and sharing some of their golden nuggets of wisdom. One of our favorite sayings is that all the great truths in life are simple for if they were complex everyone would understand them. It is our intent to share some of these simple truths with you so that you too will have a rich and rewarding real estate career. Phil Hollander & Dan Lok
