brigitte gabriel they must be stopped: *They Must Be Stopped* Brigitte Gabriel, 2008-09-02
They Must Be Stopped is New York Times bestselling author Brigitte Gabriel's warning to the world: We can no longer ignore the growth of radical Islam--we must act soon, and powerfully. Gabriel challenges our western and politically-correct notions about Islam, demonstrating why radical Islam is so deadly and how we can halt its progress. Brigitte Gabriel speaks her mind: *Fundamentalist Islam is a religion rooted in 7th century teachings that are fundamentally opposed to democracy and equality. *Radical Islamists are utterly contemptuous of all infidels (non-Muslims) and regard them as enemies worthy of death. *Madrassas in America are increasing in number, and they are just one part of a growing radical Islamic army on US soil. *Radical Islam exploits the US legal system and America's protection of religion to spread its hatred for western values. *America must organize a unified voice that says enough to political correctness, and demands that government officials and elected representatives do whatever is necessary to protect us. Brigitte Gabriel has fearlessly faced down critics, death threats, and political correctness, and is one of the most sought after terrorism experts in the world. They Must Be Stopped is her clarion call to action. Gabriel thoroughly addresses the historical and religious basis of radical Islam, its frightening encroachment into societies around the world, and its abuses of democracy in the name of religion.

brigitte gabriel they must be stopped: Because They Hate Brigitte Gabriel, 2008-01-08
Brigitte Gabriel lost her childhood to militant Islam. In 1975 she was ten years old and living in Southern Lebanon when militant Muslims from throughout the Middle East poured into her country and declared jihad against the Lebanese Christians. Lebanon was the only Christian influenced country in the Middle East, and the Lebanese Civil War was the first front in what has become the worldwide jihad of fundamentalist Islam against non-Muslim peoples. For seven years, Brigitte and her parents lived in an underground bomb shelter. They had no running water or electricity and very little food; at times they were reduced to boiling grass to survive. Because They Hate is a political wake-up call told through a very personal memoir frame. Brigitte warns that the US is threatened by fundamentalist Islamic theology in the same way Lebanon was— radical Islam will stop at nothing short of domination of all non-Muslim countries. Gabriel saw this mission start in Lebanon, and she refuses to stand silently by while it happens here. Gabriel sees in the West a lack of understanding and a blatant ignorance of the ways and thinking of the Middle East. She also points out mistakes the West has made in consistently underestimating the single-mindedness with which fundamentalist Islam has pursued its goals over the past thirty years. Fiercely articulate and passionately committed, Gabriel tells her own story as well as outlines the history, social movements, and religious divisions that have led to this critical historical conflict.

brigitte gabriel they must be stopped: A Mosque in Munich Ian Johnson, 2010-05-04 In the wake of the news that the 9/11 hijackers had lived in Europe, journalist Ian Johnson wondered how such a radical group could sink roots into Western soil. Most accounts reached back twenty years, to U.S. support of Islamist fighters in Afghanistan. But Johnson dug deeper, to the start of the Cold War, uncovering the untold story of a group of ex-Soviet Muslims who had defected to Germany during World War II. There, they had been fashioned into a well-oiled anti-Soviet propaganda machine. As that war ended and the Cold War began, West German and U.S. intelligence agents vied for control of this influential group, and at the center of the covert tug of war was a quiet mosque in

Munich—radical Islam's first beachhead in the West. Culled from an array of sources, including newly declassified documents, *A Mosque in Munich* interweaves the stories of several key players: a Nazi scholar turned postwar spymaster; key Muslim leaders across the globe, including members of the Muslim Brotherhood; and naïve CIA men eager to fight communism with a new weapon, Islam. A rare ground-level look at Cold War spying and a revelatory account of the West's first, disastrous encounter with radical Islam, *A Mosque in Munich* is as captivating as it is crucial to our understanding the mistakes we are still making in our relationship with Islamists today

Farr, 2008-11-07 Most trouble spots have some sort of religious component, from Iraq and Afghanistan to Israel and Palestine. These conflicts are of great geo-political importance and of interest to the US. Yet, argues Farr, our foreign policy is handicapped by an inability to understand the role of religion in these places.

brigitte gabriel they must be stopped: *Not a Suicide Pact* Richard A. Posner, 2006-09 Many of the measures taken by the Bush administration since 9/11 have sparked heated protests. Judge Richard A. Posner offers a cogent and elegant response to these protests, arguing that personal liberty must be balanced with public safety in the face of grave national danger.

brigitte gabriel they must be stopped: *While Europe Slept* Bruce Bawer, 2007-09-11 The struggle for the soul of Europe today is every bit as dire and consequential as it was in the 1930s. Then, in Weimar, Germany, the center did not hold, and the light of civilization nearly went out. Today, the continent has entered yet another "Weimar moment." Will Europeans rise to the challenge posed by radical Islam, or will they cave in once again to the extremists? As an American living in Europe since 1998, Bruce Bawer has seen this problem up close. Across the continent—in Amsterdam, Oslo, Copenhagen, Paris, Berlin, Madrid, and Stockholm—he encountered large, rapidly expanding Muslim enclaves in which women were oppressed and abused, homosexuals persecuted and killed, "infidels" threatened and vilified, Jews demonized and attacked, barbaric traditions (such as honor killing and forced marriage) widely practiced, and freedom of speech and religion firmly repudiated. The European political and media establishment turned a blind eye to all this, selling out women, Jews, gays, and democratic principles generally—even criminalizing free speech—in order to pacify the radical Islamists and preserve the illusion of multicultural harmony. The few heroic figures who dared to criticize Muslim extremists and speak up for true liberal values were systematically slandered as fascist bigots. Witnessing the disgraceful reaction of Europe's elites to 9/11, to the terrorist attacks on Madrid, Beslan, and London, and to the wars in Afghanistan and Iraq, Bawer concluded that Europe was heading inexorably down a path to cultural suicide. Europe's Muslim communities are powder kegs, brimming with an alienation born of the immigrants' deep antagonism toward an infidel society that rejects them and compounded by misguided immigration policies that enforce their segregation and empower the extremists in their midst. The mounting crisis produced by these deeply perverse and irresponsible policies finally burst onto our television screens in October 2005, as Paris and other European cities erupted in flames. *WHILE EUROPE SLEPT* is the story of one American's experience in Europe before and after 9/11, and of his many arguments with Europeans about the dangers of militant Islam and America's role in combating it. This brave and invaluable book—with its riveting combination of eye-opening reportage and blunt, incisive analysis—is essential reading for anyone concerned about the fate of Europe and what it portends for the United States.

brigitte gabriel they must be stopped: Politically Incorrect Guide to Islam (And the Crusades) Robert Spencer, 2005-08-01 The courageous Robert Spencer busts myths and tells truths about jihadists that no one else will tell. —MICHELLE MALKIN While many choose to simply blame the West for provoking terrorists, Robert Spencer's new book *The Politically Incorrect Guide to Islam (and the Crusades)*[™] reveals why it is time to ignore political correctness and identify the enemy - if we hope to ever defeat them. In a fast-paced, politically incorrect tour of Islamic teachings and Crusades history, Spencer reveals the roots of Islamic violence and hatred. Spencer refutes the myths popularized by left-wing academics and Islamic apologists who justify their political agendas with contrived historical "facts." Exposing myth after myth, *The Politically Incorrect Guide to Islam (and the Crusades)*[™] tackles Islam's institutionalized mistreatment of non-Muslims, the stifling effect Islam has on science and free inquiry, the ghastly lure of Islam's X-rated Paradise for suicide bombers and jihad terrorists, the brutal Islamic conquests of the Christian lands of the Middle East and North Africa, and more. In *The Politically Incorrect Guide to Islam (and the Crusades)*[™], you will learn: How Muhammad did not teach "peace and tolerance"—instead he led armies and ordered the assassination of his enemies Why American Muslim groups and left-wing academics are engaged in a huge cover-up of Islamic doctrine and history How today's jihad terrorists following the Qur'an's command to make war on Jews and Christians have the same motives and goals as the Muslims who fought the Crusaders Why the Crusades were not acts of unprovoked aggression by Europe against the Islamic world, but a delayed response to centuries of Muslim aggression What must be done today—from reading the Qur'an to reclassifying Muslim organizations—in order to defeat jihad terrorists

brigitte gabriel they must be stopped: A God Who Hates Wafa Sultan, 2011-04-26 From the front page of *The New York Times* to YouTube, Dr. Wafa Sultan has become a force radical Islam has to reckon with. For the first time, she tells her story and what she learned, first-hand, about radical Islam in *A God Who Hates*, a passionate memoir by an outspoken Arabic woman that is also a cautionary tale for the West. She grew up in Syria in a culture ruled by a god who hates women. How can such a culture be anything but barbarous?, Sultan asks. It can't, she concludes because any culture that hates its women can't love anything else. She believes that the god who hates is waging a battle between modernity and barbarism, not a battle between religions. She also knows that it's a battle radical Islam will lose. Condemned by some and praised by others for speaking out, Sultan wants everyone to understand the danger posed by *A God Who Hates*.

brigitte gabriel they must be stopped: Open Access Peter Suber, 2012-07-20 A concise introduction to the basics of open access, describing what it is (and isn't) and showing that it is easy, fast, inexpensive, legal, and beneficial. The Internet lets us share perfect copies of our work with a

worldwide audience at virtually no cost. We take advantage of this revolutionary opportunity when we make our work “open access”: digital, online, free of charge, and free of most copyright and licensing restrictions. Open access is made possible by the Internet and copyright-holder consent, and many authors, musicians, filmmakers, and other creators who depend on royalties are understandably unwilling to give their consent. But for 350 years, scholars have written peer-reviewed journal articles for impact, not for money, and are free to consent to open access without losing revenue. In this concise introduction, Peter Suber tells us what open access is and isn't, how it benefits authors and readers of research, how we pay for it, how it avoids copyright problems, how it has moved from the periphery to the mainstream, and what its future may hold. Distilling a decade of Suber's influential writing and thinking about open access, this is the indispensable book on the subject for researchers, librarians, administrators, funders, publishers, and policy makers.

brigitte gabriel they must be stopped: *Heretic* Ayaan Hirsi Ali, 2015-03-24 Continuing her journey from a deeply religious Islamic upbringing to a post at Harvard, the brilliant, charismatic and controversial New York Times and Globe and Mail #1 bestselling author of *Infidel* and *Nomad* makes a powerful plea for a Muslim Reformation as the only way to end the horrors of terrorism, sectarian warfare and the repression of women and minorities. Today, she argues, the world's 1.6 billion Muslims can be divided into a minority of extremists, a majority of observant but peaceable Muslims and a few dissidents who risk their lives by questioning their own religion. But there is only one Islam and, as Hirsi Ali shows, there is no denying that some of its key teachings—not least the duty to wage holy war—are incompatible with the values of a free society. For centuries it has seemed as if Islam is immune to change. But Hirsi Ali has come to believe that a Muslim Reformation—a revision of Islamic doctrine aimed at reconciling the religion with modernity—is now at hand, and may even have begun. The Arab Spring may now seem like a political failure. But its challenge to traditional authority revealed a new readiness—not least by Muslim women—to think freely and to speak out. Courageously challenging the jihadists, she identifies five key amendments to Islamic doctrine that Muslims have to make to bring their religion out of the seventh century and into the twenty-first. And she calls on the Western world to end its appeasement of the Islamists. “Islam is not a religion of peace,” she writes. It is the Muslim reformers who need our backing, not the opponents of free speech. Interweaving her own experiences, historical analogies and powerful examples from contemporary Muslim societies and cultures, *Heretic* is not a call to arms, but a passionate plea for peaceful change and a new era of global toleration. In the wake of the Charlie Hebdo murders, with jihadists killing thousands from Nigeria to Syria to Pakistan, this book offers an answer to what is fast becoming the world's number one problem.

brigitte gabriel they must be stopped: *The Least of Us* Sam Quinones, 2021-11-02 Apple Best Books of 2021 Longlisted for the Andrew Carnegie Medal * Shortlisted for the Zocalo Book Prize From the New York Times bestselling author of *Dreamland*, a searing follow-up that explores the terrifying next stages of the opioid epidemic and the quiet yet ardent stories of community repair. Sam Quinones traveled from Mexico to main streets across the U.S. to create *Dreamland*, a groundbreaking portrait of the opioid epidemic that awakened the nation. As the nation struggled to put back the pieces, Quinones was among the first to see the dangers that lay ahead: synthetic drugs and a new generation of kingpins whose product could be made in Magic Bullet blenders. In fentanyl, traffickers landed a painkiller a hundred times more powerful than morphine. They laced it into cocaine, meth, and counterfeit pills to cause tens of thousands of deaths-at the same time as Mexican traffickers made methamphetamine cheaper and more potent than ever, creating, Sam argues, swaths of mental illness and a surge in homelessness across the United States. Quinones hit the road to investigate these new threats, discovering how addiction is exacerbated by consumer-product corporations. “In a time when drug traffickers act like corporations and corporations like traffickers,” he writes, “our best defense, perhaps our only defense, lies in bolstering community.” Amid a landscape of despair, Quinones found hope in those embracing the forgotten and ignored, illuminating the striking truth that we are only as strong as our most

vulnerable. Weaving analysis of the drug trade into stories of humble communities, *The Least of Us* delivers an unexpected and awe-inspiring response to the call that shocked the nation in Sam Quinones's award-winning *Dreamland*.

With *The Islamophobia Industry*, Nathan Lean takes us through the disturbing worlds of conservative bloggers, right wing talk show hosts, evangelical religious leaders, and politicians--all united in a quest to revive post-9/11 xenophobia and convince their compatriots that Islam is the enemy. Lean uncovers modern scare tactics, reveals each groups' true motives, and exposes the ideologies that drive their propaganda machine. Situating Islamophobia within a long history of national and international fears, *The Islamophobia Industry* challenges the illogical narrative of hate that dominated discussions about Muslims and Islam for too long. With this new, updated edition, Lean includes material on the 2016 election and the rhetoric of fear that contributed to Trump's win, the effects of Brexit and Europe's refugee crisis, and the bleak realities about how the new government shaping the United States will increase racism and hate crime, as we are already beginning to see. He discusses the Islamophobia industry's most extreme figures: Breitbart writers, Bill Maher, Steve Bannon, Newt Gingrich, and more. Sharp, intelligent, and shocking, this updated edition offers a timely and in-depth look into the creation and continuation of Islamophobia in the United States and United Kingdom.

Drawing from seventh-century teachings, Gabriel probes into how fundamentalist Islam, under the guise of religious liberty, perpetuates hatred towards western values while exploiting the U.S. legal system. This crucial work takes a hard look at madrassas, flagging their surge in America as part of a rising radical army on U.S. soil. Gabriel fearlessly critiques an overbearing climate of political correctness that often stifles candid discussions about radical Islam. She passionately advocates that America must shed its restraint, questioning its complacency towards this growing internal threat, and demand its representatives to take protective action. Delving into its religious and historical basis, the encroachments across the globe, and systemic abuses of democracy in the name of religion, *They Must Be Stopped* serves as a clarion call to the world.

brigitte gabriel they must be stopped: The Poisonwood Bible Barbara Kingsolver, 2009-10-13 New York Times Bestseller • Finalist for the Pulitzer Prize • An Oprah's Book Club Selection “Powerful . . . [Kingsolver] has with infinitely steady hands worked the prickly threads of religion, politics, race, sin and redemption into a thing of terrible beauty.” —Los Angeles Times Book Review *The Poisonwood Bible*, now celebrating its 25th anniversary, established Barbara Kingsolver as one of the most thoughtful and daring of modern writers. Taking its place alongside the classic works of postcolonial literature, it is a suspenseful epic of one family's tragic undoing and remarkable reconstruction over the course of three decades in Africa. The story is told by the wife and four daughters of Nathan Price, a fierce, evangelical Baptist who takes his family and mission to the Belgian Congo in 1959. They carry with them everything they believe they will need from home, but soon find that all of it—from garden seeds to Scripture—is calamitously transformed on African soil. The novel is set against one of the most dramatic political chronicles of the twentieth century: the Congo's fight for independence from Belgium, the murder of its first elected prime minister, the CIA coup to install his replacement, and the insidious progress of a world economic order that robs the fledgling African nation of its autonomy. Against this backdrop, Orleanna Price reconstructs the story of her evangelist husband's part in the Western assault on Africa, a tale indelibly darkened by her own losses and unanswerable questions about her own culpability. Also narrating the story, by turns, are her four daughters—the teenaged Rachel; adolescent twins Leah and Adah; and Ruth May, a prescient five-year-old. These sharply observant girls, who arrive in the Congo with racial preconceptions forged in 1950s Georgia, will be marked in surprisingly different ways by their father's intractable mission, and by Africa itself. Ultimately each must strike her own separate path to salvation. Their passionately intertwined stories become a compelling exploration of moral risk and personal responsibility.

brigitte gabriel they must be stopped: The Caged Virgin Ayaan Hirsi Ali, 2006-05-02 Muslims who explore sources of morality other than Islam are threatened with death, and Muslim women who escape the virgins' cage are branded whores. So asserts Ayaan Hirsi Ali's profound meditation on Islam and the role of women, the rights of the individual, the roots of fanaticism, and Western policies toward Islamic countries and immigrant communities. Hard-hitting, outspoken, and controversial, *The Caged Virgin* is a call to arms for the emancipation of women from a brutal religious and cultural oppression and from an outdated cult of virginity. It is a defiant call for clear thinking and for an Islamic Enlightenment. But it is also the courageous story of how Hirsi Ali herself fought back against everyone who tried to force her to submit to a traditional Muslim woman's life and how she became a voice of reform. Born in Somalia and raised Muslim, but outraged by her religion's hostility toward women, Hirsi Ali escaped an arranged marriage to a distant relative and fled to the Netherlands. There, she learned Dutch, worked as an interpreter in abortion clinics and shelters for battered women, earned a college degree, and started a career in

politics as a Dutch parliamentarian. In November 2004, the violent murder on an Amsterdam street of Dutch filmmaker Theo van Gogh, with whom Hirsi Ali had written a film about women and Islam called *Submission*, changed her life. Threatened by the same group that slew van Gogh, Hirsi Ali now has round-the-clock protection, but has not allowed these circumstances to compromise her fierce criticism of the treatment of Muslim women, of Islamic governments' attempts to silence any questioning of their traditions, and of Western governments' blind tolerance of practices such as genital mutilation and forced marriages of female minors occurring in their countries. Hirsi Ali relates her experiences as a Muslim woman so that oppressed Muslim women can take heart and seek their own liberation. Drawing on her love of reason and the Enlightenment philosophers on whose principles democracy was founded, she presents her firsthand knowledge of the Islamic worldview and advises Westerners how best to address the great divide that currently exists between the West and Islamic nations and between Muslim immigrants and their adopted countries. An international bestseller -- with updated information for American readers and two new essays added for this edition -- *The Caged Virgin* is a compelling, courageous, eye-opening work.

Teixeira, Greg Piechota, 2019-02-19 Based on eight years of research visiting dozens of startups, tech companies and incumbents, Harvard Business School professor Thales Teixeira shows how and why consumer industries are disrupted, and what established companies can do about it—while highlighting the specific strategies potential startups use to gain a competitive edge. There is a pattern to digital disruption in an industry, whether the disruptor is Uber, Airbnb, Dollar Shave Club, Pillpack or one of countless other startups that have stolen large portions of market share from industry leaders, often in a matter of a few years. As Teixeira makes clear, the nature of competition has fundamentally changed. Using innovative new business models, startups are stealing customers by breaking the links in how consumers discover, buy and use products and services. By decoupling the customer value chain, these startups, instead of taking on the Unilevers and Nikes, BMW's and Sephoras of the world head on, peel away a piece of the consumer purchasing process. Birchbox offered women a new way to sample beauty products from a variety of companies from the convenience of their homes, without having to visit a store. Turo doesn't compete with GM. Instead, it offers people the benefit of driving without having to own a car themselves. Illustrated with vivid, in-depth and exclusive accounts of both startups, and reigning incumbents like Best Buy and Comcast, as they struggle to respond, *Unlocking the Customer Value Chain* is an essential guide to demystifying how digital disruption takes place – and what companies can do to defend themselves.

Beydoun, 2018-04-03 On Forbes list of 10 Books To Help You Foster A More Diverse And Inclusive Workplace How law, policy, and official state rhetoric have fueled the resurgence of Islamophobia—with a call to action on how to combat it. “I remember the four words that repeatedly scrolled across my mind after the first plane crashed into the World Trade Center in New York City. ‘Please don’t be Muslims, please don’t be Muslims.’ The four words I whispered to myself on 9/11 reverberated through the mind of every Muslim American that day and every day after.... Our fear, and the collective breath or brace for the hateful backlash that ensued, symbolize the existential tightrope that defines Muslim American identity today.” The term “Islamophobia” may be fairly new, but irrational fear and hatred of Islam and Muslims is anything but. Though many speak of Islamophobia’s roots in racism, have we considered how anti-Muslim rhetoric is rooted in our legal system? Using his unique lens as a critical race theorist and law professor, Khaled A. Beydoun captures the many ways in which law, policy, and official state rhetoric have fueled the frightening resurgence of Islamophobia in the United States. Beydoun charts its long and terrible history, from the plight of enslaved African Muslims in the antebellum South and the laws prohibiting Muslim immigrants from becoming citizens to the ways the war on terror assigns blame for any terrorist act to Islam and the myriad

trials Muslim Americans face in the Trump era. He passionately argues that by failing to frame Islamophobia as a system of bigotry endorsed and emboldened by law and carried out by government actors, U.S. society ignores the injury it inflicts on both Muslims and non-Muslims. Through the stories of Muslim Americans who have experienced Islamophobia across various racial, ethnic, and socioeconomic lines, Beydoun shares how U.S. laws shatter lives, whether directly or inadvertently. And with an eye toward benefiting society as a whole, he recommends ways for Muslim Americans and their allies to build coalitions with other groups. Like no book before it, *American Islamophobia* offers a robust and genuine portrait of Muslim America then and now.

On April 10th, 2003, the 1st Battalion, 5th Marine Regiment, faced with the task of seizing the presidential palace in downtown Baghdad, ran headlong into what Lieutenant Colonel Oliver North called, the worst day of fighting for U.S. Marines. Hiding in buildings and mosques, wearing civilian clothes, and spread out for over a mile, Saddam Hussein's militants rained down bullets and rocket propelled grenades on the 1st Battalion. But when the smoke of the eight-hour battle cleared, only one Marine had lost his life. Some said the 1st Battalion was incredibly lucky. But in the hearts and minds of the Marines who were there, there was no question. God had brought them miraculously through that battle. As the 1st Battalion's chaplain, Lieutenant Carey Cash had the unique privilege of seeing firsthand, from the beginning of the war to the end, how God miraculously delivered, and even transformed, the lives of the men of the 1st Battalion. Their regiment, the most highly decorated regiment in the history of the Marines, was the first ground force to cross the border into Iraq, the first to see one of their own killed in battle, and they were the unit to fight what most believe to have been the decisive battle of the war-April 10th in downtown Baghdad. Through it all, Carey Cash says, the presence of God was undeniable. Cash even had the privilege of baptizing fifty-seven new Christians-Marines and Sailors-during the war in Iraq. The men of the 1st Battalion came to discover what King David had discovered long ago--that God's presence could be richly experienced even in the presence of enemies. Here is the amazing story of their experience.

brigitte gabriel they must be stopped: The Mind of Jihad Laurent Murawiec, 2008-08-11 This book examines contemporary jihad as a cult of violence and power. All jihadi groups, whether Shiite or Sunni, Arab or not, are characterized by a similar bloodlust. Murawiec characterizes this belief structure as identical to that of Europe's medieval millenarians and apocalyptics, arguing that both jihadis and their European cousins shared in a Gnostic ideology: a God-given mission endowed the Elect with supernatural powers and placed them above the common law of mankind. Although the ideology of jihad is essentially Islamic, Murawiec traces the political technologies used by modern jihad to the Bolsheviks. Their doctrines of terror as a system of rule were appropriated by radical Islam through multiple lines of communication. This book brings history, anthropology, and theology to bear to understand the mind of jihad that has declared war on the West and the world.

brigitte gabriel they must be stopped: Architects of Disaster Peter Hoekstra, 2015-10-02 Pete Hoekstra, the former chairman of the House Permanent Select Committee on Intelligence, tells

the real story behind the tragic events in Benghazi and the Obama Administration's disastrous foreign policy catastrophe in Libya. ARCHITECTS OF DISASTER documents the role played by an inexperienced president and a politicized US State Department under Hillary Clinton in turning a stable North African country into a failed jihadist state spreading terrorism throughout the Middle East and releasing a flood of fearful immigrants onto the Mediterranean and into Europe. In his new book, Pete Hoekstra cuts to the core in identifying how a radical Islamist agenda left to its own devices cannot reconcile with Western ideals of tolerance and acceptance. Architects of Disaster creates the necessary framework in which future administrations can apply lessons learned to better inform critical foreign policy decisions. - Mitt Romney, former Governor of Massachusetts and 2012 Republican Presidential nominee A graphic autopsy of what went wrong in Libya and why. - James Jay Carafano, Heritage Foundation Pete Hoekstra's thorough examination of how the Obama Administration's misguided policies contributed in the past few years to Libya's disintegration is must reading. This insightful history and analysis is worth careful study, especially as America's citizens debate what policies should come next after President Obama leaves office. - John Bolton, former US Ambassador to the UN

brigitte gabriel they must be stopped: Don't Burn This Book Dave Rubin, 2020-04-28 THE NEW YORK TIMES BESTSELLER 'Topical, engaging, personable, and above all, reassuring' Dr. Jordan B. Peterson From host of The Rubin Report, the most-watched talk show about free speech and big ideas on YouTube right now, a roadmap for free thinking in an increasingly censored world. The left is no longer liberal. Once on the side of free speech and tolerance, progressives now ban speakers from college campuses, cancel people who aren't up to date on the latest genders, and force religious people to violate their conscience. They have abandoned the battle of ideas and have begun fighting a battle of feelings. This uncomfortable truth has turned moderates and true liberals into the politically homeless class. Dave Rubin launched his political talk show The Rubin Report in 2015 as a meeting ground for free thinkers who realize that partisan politics is a dead end. He hosts people he both agrees and disagrees with—including those who have been dismissed, deplatformed, and despised—taking on the most controversial issues of our day. As a result, he's become a voice of reason in a time of madness. Now, Rubin gives you the tools you need to think for yourself in an age when tribal outrage is the only available alternative. Based on his own story as well as his experiences from the front lines of the free speech wars, this book will empower you to make up your own mind about what you believe on any issue and teach you the fine art of: Checking your facts, not your privilege, when it comes to today's most pervasive myths, from the wage gap to hate crimes. Standing up to the mob against today's absurd PC culture, when differences of opinion can bring relationships, professional or personal, to a sudden end. Defending classically liberal principles such as individual rights and limited government, because freedom is impossible without them. The Progressive Woke Machine is waging war against the last free thinkers in the world. Don't Burn This Book is the definitive account of our current political upheaval and your guide to surviving it.

Duplicating the sinister methodology of psychopaths who routinely charm, seduce, capture, and devour their prey. Every element of the formula by which the psychopath subjugates his victim, the Islamic Supremacist likewise uses to ensnare and subjugate non-Muslims. And in the same way that the victim of the psychopath is complicit in his own destruction, Western civilization is now embracing and enabling its own conquest and consumption.

brigitte gabriel they must be stopped: Culture Divided David Trend, 2015-12-03 Politicians and pundits make a great deal of the imperative for Americans to put aside political differences and unite as a nation. Calls for change and fresh approaches to politics beckon citizens to move beyond partisanship and special interests in a new spirit of togetherness. But how realistic is this desire? Isn't the very nature of democracy a process of taking sides? How unified has America been in its past? A casual look at U.S. history reveals a country riven with discord and disagreement. From fights between American revolutionaries and loyalists to the British Crown, to the bloody differences that caused the Civil War, to controversies over the Vietnam and Iraq Wars, Americans have always argued over important matters of state. A Culture Divided argues that such disagreements have not been evidence of a weakening country or the fraying of America. Rather, argument and disagreement are precisely the opposite. They are the very essence of a healthy democracy. Grounded in historical and contemporary research, A Culture Divided explores the history of political argument in the United States and asserts that democracy is alive and well in the current disputes in American culture.
